- 90.24 Disposal authority
- 90.25 Contracts; reimbursement by MPCA

City Employee Purchase of Abandoned Property or Abandoned Vehicles

90.40 May purchase at auction

GENERAL PROVISIONS

' 90.01 DISPOSITION OF ABANDONED PROPERTY.

(A) *Procedure.* Except for abandoned and junked vehicles, all property lawfully coming into possession of the city shall be disposed of as provided in this section which is adopted pursuant to M.S. ' 471.195, as it may be amended from time to time. Abandoned and junked vehicles shall be disposed of according to the procedures of " 90.15 et seq.

(B) *Storage.* The department of the city acquiring possession of the property shall arrange for its storage. If city facilities are unavailable or inadequate, the department may arrange for storage at a privately-owned facility.

(C) *Claim by owner.* The owner may claim the property by exhibiting satisfactory proof of ownership and paying the city any storage or maintenance costs incurred by it. A receipt for the property shall be obtained upon release to the owner.

(D) *Sale.* If the property remains unclaimed in the possession of the city for 60 days, the property shall be sold to the highest bidder at a public auction conducted by the City Clerk or his or her designee after two weeks' published notice setting forth the time and place of the sale and the property to be sold.

(E) *Disposition of proceeds.* The proceeds of the sale shall be placed in the general fund of the city. If the former owner makes an application and furnishes satisfactory proof of ownership within six months of the sale, the former owner shall be paid the proceeds of the sale of the property less the costs of storage and the proportionate part of the cost of published notice and other costs of the sale.

ABANDONED VEHICLES

' 90.15 FINDINGS AND PURPOSE.

M.S. Ch. 168B, and Minn. Rules Ch. 7035, as they may be amended from time to time, are hereby adopted by reference. Sections 90.15 through 90.25 of this code are adopted under the authority of M.S. ' 168B.09, Subd. 2, as it may be amended from time to time. If any of these provisions are less stringent than the provisions of M.S. ' 168B or Minn. Rules Ch. 7035, as it may be amended from time to time, the statute or rule shall take precedence.

' 90.16 DEFINITIONS.

For the purpose of this chapter, the following definitions shall apply unless the context clearly indicates or requires a different meaning.

ABANDONED VEHICLE.

(1) A motor vehicle, as defined in M.S. ' 169.011, Subd. 42 as it may be amended from time to time, that:

(a) Has remained illegally:

1. For a period of more than 48 hours on any property owned or controlled by a unit of government, or more than four hours on that property when it is properly posted; or

2. On private property for a period of time, as determined under ' 90.18(B), without the consent of the person in control of the property; and

(b) Lacks vital component parts or is in an inoperable condition that it has no substantial potential for further use consistent with its usual functions, unless it is kept in an enclosed garage or storage building.

(2) A classic car or pioneer car, as defined in M.S. ' 168.10 as it may be amended from time to time, is not considered an abandoned vehicle.

(3) Vehicles on the premises of junk yards and automobile graveyards that are defined, maintained, and licensed in accordance with M.S. ' 161.242 as it may be amended from time to time, or that are licensed and maintained in accordance with local laws and zoning regulations, are not considered abandoned vehicles.

(4) A vehicle being held for storage by agreement or being held under police authority or pursuant to a writ or court order is not considered abandoned, nor may it be processed as abandoned while the police hold, writ or court order is in effect.

DEPARTMENT. The Minnesota Department of Public Safety.

IMPOUND. To take and hold a vehicle in legal custody. There are two types of impounds: public and nonpublic.

IMPOUND LOT OPERATOR or **OPERATOR.** A person who engages in impounding or storing, usually temporarily, unauthorized or abandoned vehicles. **OPERATOR** includes an operator of a public or nonpublic impound lot, regardless of whether tow truck service is provided.

JUNK VEHICLE. A vehicle that:

- (1) Is three years old or older;
- (2) Is extensively damaged, with the damage including things as broken or missing wheels, motor, drive train or transmission;
- (3) Is apparently inoperable;
- (4) Does not have a valid, current registration plate; and
- (5) Has an approximate fair market value equal only to the approximate value of the scrap in it.

MOTOR VEHICLE or **VEHICLE.** Has the meaning given to a motor vehicle in M.S. ' 169.011, Subd. 42, as it may be amended from time to time.

MOTOR VEHICLE WASTE. Solid waste and liquid wastes derived in the operation of or in the recycling of a motor vehicle, including such things as tires and used motor oil, but excluding scrap metal.

MPCA or **AGENCY.** The Minnesota Pollution Control Agency.

NONPUBLIC IMPOUND LOT. An impound lot that is not a public impound lot.

PUBLIC IMPOUND LOT. An impound lot owned by or contracting with a unit of government under ' 90.24.

UNAUTHORIZED VEHICLE. A vehicle that is subject to removal and impoundment pursuant to ' 90.18(B), or M.S. ' 168B.035 as it may be amended from time to time, but is not a junk vehicle or an abandoned vehicle.

UNIT OF GOVERNMENT. Includes a state department or agency, a special purpose district, and a county, statutory or home rule charter city, or town.

VITAL COMPONENT PARTS. Those parts of a motor vehicle that are essential to the mechanical functioning of the vehicle, including such things as the motor, drive train and wheels.

' 90.17 VIOLATION TO ABANDON MOTOR VEHICLE.

Any person who abandons a motor vehicle on any public or private property, without the consent of the person in control of the property, is guilty of a misdemeanor.

Penalty, see ' 10.99

' 90.18 AUTHORITY TO IMPOUND VEHICLES.

(A) *Abandoned or junk vehicles.* The City Clerk or his or her designee or any peace officer employed or whose services are contracted for by the city may take into custody and impound any abandoned or junk vehicle if the vehicle is on public property. If the abandoned or junk vehicle is located on private property, the vehicle shall not be removed or impounded until the provisions of ' 90.18(C) are complied with.

(B) *Unauthorized vehicles.* The City Clerk, or his or her designee or any peace officer employed or whose services are contracted for by the city may take into custody and impound any unauthorized vehicle under M.S. ' 168B.035 as it may be amended from time to time. A vehicle may also be impounded after it has been left unattended in one of the following public or private locations for the indicated period of time:

(1) In a public location not governed by M.S. ' 168B.035 as it may be amended from time to time:

(a) On a highway and properly tagged by a peace officer, four hours;

(b) Located so as to constitute an accident or traffic hazard to the traveling public, as determined by a peace officer, immediately; or

(c) That is a parking facility or other public property owned or controlled by a unit of government, properly posted, four hours; or

(2) On private property, only with the express permission of the owner of the property, a resident or other person in control of the premises:

(a) That is single-family or duplex residential property, immediately;

(b) That is private, nonresidential property, properly posted, immediately;

(c) That is private, nonresidential property, not posted, 24 hours; or

(d) That is any residential property, properly posted, immediately.

(3) If under division (B)(2) of this section, permission is not granted, then the city shall not remove and impound any vehicle until the procedure established in division (C) of this section has been followed.

(C) If the vehicle is on private property, the City Clerk or his or her designee or any peace officer employed or whose services are contracted for by the city may take into custody and impound

any abandoned or junk vehicle on private property only with the permission of the owner of the property, a resident, or other person in control of the premises. If permission is denied, the city may declare the existence of the abandoned or junk vehicle to be a nuisance and proceed to abate the nuisance as provided for in " 92.15 through 92.21. Once the abatement procedure has been completed, the city may apply for an order from a court of competent jurisdiction authorizing the removal and impoundment of the vehicle and, after the order has been granted, the city may then remove and impound the vehicle.

' 90.19 SALE; WAITING PERIODS.

(A) *Sale after 15 days.* An impounded vehicle is eligible for disposal or sale under ' 90.23, 15 days after notice to the owner, if the vehicle is determined to be:

(1) A junk vehicle, except that it may have a valid, current registration plate and still be eligible for disposal or sale under this subdivision; or

(2) An abandoned vehicle.

(B) *Sale after 45 days.* An impounded vehicle is eligible for disposal or sale under ' 90.23, 45 days after notice to the owner, if the vehicle is determined to be an unauthorized vehicle or upon the date of a voluntary written title transfer by the registered owner to the impound lot operator.

' 90.20 NOTICE OF TAKING AND SALE.

(A) *Contents; notice given within five days.* When an impounded vehicle is taken into custody, the city or impound lot operator taking it into custody shall give notice of the taking to the registered owner and any registered lien holders within five days. The notice shall:

(1) Set forth the date and place of the taking; the year, make, model and serial number of the impounded motor vehicle if the information can be reasonably obtained; and the place where the vehicle is being held;

(2) Inform the owner and any lien holders of their right to reclaim the vehicle under ' 90.21; and

(3) State that failure of the owner or lien holders to exercise their right to reclaim the vehicle and contents within the appropriate time allowed under ' 90.19 shall be deemed a waiver by them of all right, title and interest in the vehicle and contents and a consent to the transfer of title to and disposal or sale of the vehicle and contents pursuant to ' 90.23.

(4) State that the vehicle owner who provides to the impound lot operator documentation from a government or nonprofit agency or legal aid office that the owner is homeless, receives relief based on need, or is eligible for legal aid services, has the unencumbered right to retrieve any and all contents of the vehicle without charge.

(B) *Notice by mail or publication.* The notice shall be sent by mail to the registered owner, if any, of an impounded vehicle and to all readily identifiable lien holders of record. The Department makes this information available to impound lot operators for notification purposes. If it is impossible to determine with reasonable certainty the identity and address of the registered owner

and all lien holders, the notice shall be published once in a newspaper of general circulation in the area where the motor vehicle was towed from or abandoned. Published notices may be grouped together for convenience and economy.

(C) *Unauthorized vehicles; notice.* If an unauthorized vehicle remains unclaimed after 30 days from the date the notice was sent under division (B) of this section, a second notice shall be sent by certified mail, return receipt requested, to the registered owner, if any, of the unauthorized vehicle and to all readily identifiable lien holders of record.

' 90.21 RIGHT TO RECLAIM.

(A) *Payment of charges.* The owner or any lien holder of an impounded vehicle shall have a right to reclaim the vehicle from the city or impound lot operator taking it into custody upon payment of all towing and storage charges resulting from taking the vehicle into custody within 15 or 45 days, as applicable under ' 90.19, after the date of the notice required by ' 90.20.

(B) *Lien holders.* Nothing in this chapter shall be construed to impair any lien of a garage keeper under the laws of this state, or the right of a lienholder to foreclose. For the purposes of this section, **GARAGEKEEPER** is an operator of a parking place or establishment, an operator of a motor vehicle storage facility, or an operator of an establishment for the servicing, repair or maintenance of motor vehicles.

(C) At any time before the expiration of the waiting periods provided in ' 90.21 a registered owner who provides documentation from a government or nonprofit agency or legal aid office that the registered owner is homeless, receives relief based on need, or is eligible for legal aid service, has the unencumbered right to retrieve any and all contents without charge and regardless of whether the registered owner pays incurred charges or fees, transfers title, or reclaims the vehicle. For the purposes of this section:

(1) **CONTENTS** does not include any permanently affixed mechanical or nonmechanical automobile parts; automobile body parts; or automobile accessories, including audio or video players; and

(2) **RELIEF BASED ON NEED** includes, but is not limited to, receipt of MFIP and Diversionary Work Program, medical assistance, general assistance, general assistance medical care, emergency general assistance, Minnesota supplemental aid, MSA-emergency assistance, MinnesotaCare, Supplemental Security Income, energy assistance, emergency assistance, Supplemental Nutrition Assistance Program, earned income tax credit, or Minnesota working family tax credit. The city or impound lot operator shall establish reasonable procedures for retrieval of vehicle contents under this section, and may establish reasonable procedures to protect the safety and security of the impound lot and its personnel.

' 90.22 OPERATOR'S DEFICIENCY CLAIM; CONSENT TO SALE.

(A) *Deficiency claim.* The nonpublic impound lot operator has a deficiency claim against the registered owner of the vehicle for the reasonable costs of services provided in the towing, storage and inspection of the vehicle minus the proceeds of the sale or auction. The claim for storage costs may not exceed the costs of:

(1) 25 days storage for a vehicle described in ' 90.19(A); and

(2) 55 days storage for a vehicle described in ' 90.19(B).

(B) *Implied consent to sale.* A registered owner who fails to claim the impounded vehicle within the applicable time period allowed under ' 90.19 is deemed to waive any right to reclaim the vehicle and consents to the disposal or sale of the vehicle and its contents and transfer of title. The failure to exercise rights to claim contents under ' 90.21(C) constitutes a waiver of all right, title and interest in the contents of the vehicle and a consent to the transfer of title to and disposal or sale of the contents.

' 90.23 DISPOSITION BY IMPOUND LOT.

(A) *Auction or sale.*

(1) If an abandoned or unauthorized vehicle and contents taken into custody by the city or any impound lot is not reclaimed under ' 90.21, it may be disposed of or sold at auction or sale when eligible pursuant to " 90.20 and 90.21.

(2) The purchaser shall be given a receipt in a form prescribed by the Registrar of Motor Vehicles which shall be sufficient title to dispose of the vehicle. The receipt shall also entitle the purchaser to register the vehicle and receive a certificate of title, free and clear of all liens and claims of ownership. Before a vehicle is issued a new certificate of title, it must receive a motor vehicle safety check.

(B) *Unsold vehicles.* Abandoned or junk vehicles not sold by the city or public impound lots pursuant to division (A) of this section shall be disposed of in accordance with ' 90.24.

(C) *Sale proceeds; public entities.* From the proceeds of a sale under this section by the city or public impound lot of an abandoned or unauthorized motor vehicle, the city shall reimburse itself for the cost of towing, preserving and storing the vehicle, and all administrative, notice and publication costs incurred in handling the vehicle pursuant to this chapter. Any remainder from the proceeds of a sale shall be held for the owner of the vehicle or entitled lienholder for 90 days and then shall be deposited in the treasury of the city.

(D) *Sale proceeds; nonpublic impound lots.* The operator of a nonpublic impound lot may retain any proceeds derived from a sale conducted under the authority of division (A) of this section. The operator may retain all proceeds from sale of any personal belongings and contents in the vehicle that were not claimed by the owner or the owner's agent before the sale, except that any suspected contraband or other items that likely would be subject to forfeiture in a criminal trial must be turned over to the appropriate law enforcement agency.

' 90.24 DISPOSAL AUTHORITY.

The city may contract with others or may utilize its own equipment and personnel for the inventory of impounded motor vehicles and abandoned scrap metal and may utilize its own equipment and personnel for the collection, storage and transportation of these vehicles and abandoned scrap metal. The city may utilize its own equipment and personnel only for the collection and storage of not more than five abandoned or unauthorized vehicles without advertising for or receiving bids in any 120-day period.

' 90.25 CONTRACTS; REIMBURSEMENT BY MPCA.

(A) *MPCA review and approval.* If the city proposes to enter into a contract with a person licensed by the MPCA pursuant to this section or a contract pursuant to ' 90.24, the MPCA may review the proposed contract before it is entered into by the city, to determine whether it conforms to the MPCA's plan for solid waste management and is in compliance with MPCA rules. A contract that does so conform may be approved by the MPCA and entered into by the city. Where a contract has been approved, the MPCA may reimburse the city for the costs incurred under the contract that have not been reimbursed under ' 90.23. Except as otherwise provided in ' 90.24, the MPCA shall not approve any contract that has been entered into without prior notice to and without a request for bids from all persons duly licensed by the MPCA to be a party to a disposal contract pursuant to M.S. ' 116.07, as it may be amended from time to time; nor that does not provide for a full performance bond; or does not provide for total collection and transportation of abandoned motor vehicles, except that the MPCA may approve a contract covering solely collection or transportation of abandoned motor vehicles where the MPCA determines total collection and transportation to be impracticable and where all other requirements herein have been met and the unit of government, after proper notice and request for bids, has not received any bid for total collection and transportation of abandoned motor vehicles.

(B) *The city may perform work.* If the city utilizes its own equipment and personnel pursuant to its authority under ' 90.24, and the use of the equipment and personnel conforms to the MPCA's plan for solid waste management and is in compliance with MPCA rules, the city may be reimbursed by the MPCA for reasonable costs incurred which are not reimbursed under ' 90.23.

(C) *The city required to contract work.* The MPCA may demand that the city contract for the disposal of abandoned motor vehicles and other scrap metal pursuant to the MPCA's plan for solid waste disposal. If the city fails to contract within 180 days of the demand, the MPCA, through the Department of Administration and on behalf of the city, may contract with any person duly licensed by the MPCA for the disposal.

CITY EMPLOYEE PURCHASE OF ABANDONED PROPERTY OR ABANDONED VEHICLES

' 90.40 MAY PURCHASE AT AUCTION.

Pursuant to M.S. ' 15.054, as it may be amended from time to time, no officer or employee of the city shall sell or procure for sale or possess or control for sale to any other officer or employee of the city, any property or materials owned by the city except pursuant to conditions provided in this section. Property or materials owned by the city and not needed for public purposes, may be sold to an employee of the city after reasonable public notice at a public auction or by sealed response, if the employee is not directly involved in the auction or process pertaining to the administration and collection of sealed responses. Prior to such auction or collection of sealed responses, public notice of at least one week's published notice must be provided. An employee of the city may purchase no more than one motor vehicle from the city at any one auction. This section shall not apply to the sale of property or materials acquired or produced by the city for sale to the general public in the ordinary course of business. Nothing in this section shall prohibit an employee of the city from

selling or possessing for sale public property if the sale or possession for sale is in the ordinary course of business or normal course of the employee's duties.

CHAPTER 91: ANIMALS

Section

- 91.01 Definitions

- 91.12 Dangerous animals (excluding dogs)
- 91.13 Basic care
- 91.14 Breeding moratorium
- 91.18 Fighting animals
- 91.19 Feeding stray cats and dogs

- 91.99 Penalty

' 91.01 DEFINITIONS.

For the purpose of this chapter, the following definitions shall apply unless the context clearly indicates or requires a different meaning.

ANIMAL. Any mammal, reptile, amphibian, fish, bird (including all fowl and poultry) or other member commonly accepted as a part of the animal kingdom. Animals shall be classified as follows:

(1) **DOMESTIC ANIMALS.** Those animals are commonly accepted as domesticated household pets. Unless otherwise defined, domestic animals shall include dogs, cats, caged birds, gerbils, hamsters, guinea pigs, domesticated rabbits, fish, non-poisonous, non-venomous and non-constricting reptiles or amphibians, and other similar animals.

(2) **FARM ANIMALS.** Those animals commonly associated with a farm or performing work in an agricultural setting. Unless otherwise defined, farm animals shall include members of the equine family (horses, mules), bovine family (cows, bulls), sheep, poultry (chickens, turkeys), fowl (ducks, geese), swine (including Vietnamese pot-bellied pigs), goats, bees, ratitae (ostriches and emus), farm raised cervidae (caribous and mule deer), llamas and alpacas and other animals associated with a farm, ranch, or stable.

(3) **NON-DOMESTIC ANIMALS.** Those animals commonly considered to be naturally wild and not naturally trained or domesticated, or which are commonly considered to be inherently dangerous to the health, safety, and welfare of people. Unless otherwise defined, non-domestic animals shall include:

(a) Any member of the large cat family (family felidae) including lions, tigers, cougars, bobcats, leopards and jaguars, but excluding commonly accepted domesticated house cats.

(b) Any naturally wild member of the canine family (family canidae) including wolves, foxes, coyotes, dingoes, and jackals, but excluding commonly accepted domesticated dogs.

(c) Any cross breeds such as the crossbreed between a wolf and a dog, unless the crossbreed is commonly accepted as a domesticated house pet.

(d) Any member or relative of the rodent family including any skunk (whether or not descended), raccoon, squirrel, or ferret, but excluding those members otherwise defined or commonly accepted as domesticated pets.

(e) Any poisonous, venomous, constricting, or inherently dangerous member of the reptile or amphibian families including rattlesnakes, boa constrictors, pit vipers, crocodiles and alligators.

(f) Any other animal which is not explicitly listed above but which can be reasonably defined by the terms of this section, including but not limited to bears, deer, monkeys and game fish.

AT LARGE. Off the premises of the owner and not under the custody and control of the owner or other person, either by leash, cord, chain, or otherwise restrained or confined.

CAT. Both the male and female of the felidae species are commonly accepted as domesticated household pets.

DOG. Both the male and female of the canine species, commonly accepted as domesticated household pets, and other domesticated animals of a dog kind.

OWNER. Any person or persons, firm, association or corporation owning, keeping, or harboring an animal.

' 91.02 DOGS AND CATS.

(A) *Running at large prohibited.* It shall be unlawful for the dog or cat of any person who owns, harbors, or keeps a dog or cat, to run at large. A person, who owns, harbors, or keeps a dog or cat which runs at large shall be guilty of a misdemeanor. Dogs or cats on a leash and accompanied by a responsible person or accompanied by and under the control and direction of a responsible person, so as to be effectively restrained by command as by leash, shall be permitted in streets or on public land unless the city has posted an area with signs reading Dogs or Cats Prohibited.

' 91.03 NON-DOMESTIC ANIMALS.

Except as provided in M.S.' 346.155, as it may be amended from time to time, it shall be illegal for any person to own, possess, harbor, or offer for sale, any non-domestic animal within the city. Any owner of a non-domestic animal at the time of adoption of this code shall have 30 days in which to remove the animal from the city after which time the city may impound the animal as provided for in this section. An exception shall be made to this prohibition for animals specifically trained for and actually providing assistance to the handicapped or disabled, and for those animals brought into the city as part of an operating zoo, veterinarian clinic, scientific research laboratory, or a licensed show

or exhibition.
Penalty, see ' 91.99

' 91.04 FARM ANIMALS.

Farm animals shall only be kept in an agricultural district of the city, or on a residential lot of at least one acre in size provided that no animal shelter shall be within 300 feet of an adjoining piece of property. An exception shall be made to this section for those animals brought into the city as part of an operating zoo, veterinarian clinic, scientific research laboratory, or a licensed show or exhibition.

' 91.06 KENNELS.

(A) *Definition of kennel.* The keeping of three or more dogs on the same premises, whether owned by the same person or not and for whatever purpose kept, shall constitute a kennel; except that a fresh litter of pups may be kept for a period of three months before that keeping shall be deemed to be a kennel.

(B) *Kennel as a nuisance.* Because the keeping of three or more dogs on the same premises is subject to great abuse, causing discomfort to persons in the area by way of smell, noise, hazard, and general aesthetic depreciation, the keeping of three or more dogs on the premises is hereby declared to be a nuisance and no person shall keep or maintain a kennel within the city.
Penalty, see ' 91.99

' 91.07 BARKING/CRYING/WHINING DOGS.

(A) *Habitual barking.* It shall be unlawful for any person to keep or harbor a dog which habitually barks or cries. Habitual barking shall be defined as barking for repeated intervals of at least five minutes with less than one minute of interruption. The barking must also be audible off of the owner's or caretaker's premises.

(B) *Damage to property.* It shall be unlawful for any person's dog or other animal to damage any lawn, garden, or other property, whether or not the owner has knowledge of the damage.

(C) *Cleaning up litter.* The owner of any animal or person having the custody or control of any animal shall be responsible for cleaning up any feces of the animal and disposing of the feces in a sanitary manner whether on their own property, on the property of others or on public property.

' 91.10 DISEASED ANIMALS.

(A) *Running at large.* No person shall keep or allow to be kept on his or her premises, or on premises occupied by them, nor permit to run at large in the city, any animal which is diseased so as to be a danger to the health and safety of the city.

Penalty, see ' 91.99

91.11 DANGEROUS AND POTENTIALLY DANGEROUS DOGS.

(A) *Adoption by reference.* Except as otherwise provided in this section, the regulatory and procedural provisions of M.S. " 347.50 to 347.565 (commonly referred to as the Dangerous Dog Regulations), are adopted by reference.

(B) *Definitions.* Definitions in this section shall have the following meanings:

(1) ***DANGEROUS DOG.*** A dog that:

(a) Has when unprovoked, inflicted substantial bodily harm on a human being on public or private property;

(b) Has killed a domestic animal when unprovoked while off the owner's property;

(c) Has attacked one or more persons on two or more occasions; or

(d) Has been found to be potentially dangerous and after the owner has notice of the same, the dog aggressively bites, attacks or endangers the safety of humans or domestic animals.

(2) ***DOG.*** Both the male and female of the canine species, commonly accepted as domesticated household pets.

(3) ***GREAT BODILY HARM.*** Bodily injury which creates a high probability of death, or which causes serious permanent disfigurement, or which causes a permanent or protracted loss or impairment of the function of any bodily member or organ or other serious bodily harm.

(4) ***OWNER.*** Any person or persons, firm, corporation, organization, department, or association owning, possessing, harboring, keeping, having an interest in, or having care, custody or control of a dog.

(5) ***POTENTIALLY DANGEROUS DOG.*** A dog that:

(a) Has when unprovoked, inflicted a bite on a human or domestic animal on public or private property;

(b) Has when unprovoked, chased or approached a person, including a person on a bicycle, upon the streets, sidewalks or any public or private property, other than the owner's property, in an apparent attitude of attack; or

(c) Has a known propensity, tendency or disposition to attack unprovoked, causing injury or otherwise threatening the safety of humans or domestic animals.

(6) ***PROPER ENCLOSURE.*** Securely confined indoors or in a securely enclosed and locked pen or structure suitable to prevent the dog from escaping and to provide protection for the dog from the elements. A proper enclosure does not include a porch, patio, or any part of a house, garage, or other structure that would allow the dog to exit of its own volition, or any house or structure in which windows are open or in which door or window screens are the only barriers which prevent the dog from exiting. The enclosure shall not allow the egress of the dog in any manner without human assistance. A pen or kennel shall meet the following minimum specifications:

(a) A minimum overall floor size of 32 square feet.

(b) Sidewalls shall have a minimum height of five feet and be constructed of 11-gauge or heavier wire. Openings in the wire shall not exceed two inches, support post shall be one and one-fourth inch or larger steel pipe buried in the ground 18 inches or more. When a concrete floor is not provided, the sidewalls shall be buried a minimum of 18 inches in the ground.

(c) A cover over the entire pen or kennel shall be provided. The cover shall be constructed of the same gauge wire or heavier as the sidewalls and openings in the wire shall not exceed two inches.

(d) An entrance/exit gate shall be provided and be constructed of the same material as the sidewalls and openings in the wire shall not exceed two inches. The gate shall be self-closing and self-locking. The gate shall be locked at all times when the dog is in the pen or kennel.

(8) ***SUBSTANTIAL BODILY HARM.*** Bodily injury that involves a temporary but substantial disfigurement, or that causes a temporary but substantial loss or impairment of the function of any bodily member or organ or that causes a fracture of any bodily member.

(9) ***UNPROVOKED.*** The condition in which the dog is not purposely excited, stimulated, agitated or disturbed.

' 91.12 DANGEROUS ANIMALS (EXCLUDING DOGS).

(A) ***Attack by an animal.*** It shall be unlawful for any person's animal to inflict or attempt to inflict bodily injury to any person or other animal whether or not the owner is present. This section shall not apply to dogs as regulated by ' 91.11.

(C) ***Definitions.*** For the purpose of this division, the following definitions shall apply unless the context clearly indicates or requires a different meaning.

(1) ***DANGEROUS ANIMAL.*** An animal which has:

(a) Caused bodily injury or disfigurement to any person on public or private property;

(b) Engaged in any attack on any person under circumstances which would indicate danger to personal safety;

(c) Exhibited unusually aggressive behavior, such as an attack on another animal;

(d) Bitten one or more persons on two or more occasions; or

(e) Been found to be potentially dangerous and/or the owner has personal knowledge of the same, the animal aggressively bites, attacks, or endangers the safety of humans or domestic animals.

(2) ***POTENTIALLY DANGEROUS ANIMAL.*** An animal which has:

(a) Bitten a human or a domestic animal on public or private property;

(b) When unprovoked, chased or approached a person upon the streets, sidewalks, or any public property in an apparent attitude of attack; or

(c) Has engaged in unprovoked attacks causing injury or otherwise threatening the safety of humans or domestic animals.

(3) **PROPER ENCLOSURE.** Securely confined indoors or in a securely locked pen or structure suitable to prevent the animal from escaping and to provide protection for the animal from the elements. A proper enclosure does not include a porch, patio, or any part of a house, garage, or other structure that would allow the animal to exit of its own volition, or any house or structure in which windows are open or in which door or window screens are the only barriers which prevent the animal from exiting. The enclosure shall not allow the egress of the animal in any manner without human assistance. A pen or kennel shall meet the following minimum specifications:

(a) Have a minimum overall floor size of 32 square feet.

(b) Sidewalls shall have a minimum height of five feet and be constructed of 11-gauge or heavier wire. Openings in the wire shall not exceed two inches, support posts shall be 13-inch or larger steel pipe buried in the ground 18 inches or more. When a concrete floor is not provided, the sidewalls shall be buried a minimum of 18 inches in the ground.

(c) A cover over the entire pen or kennel shall be provided. The cover shall be constructed of the same gauge wire or heavier as the sidewalls and shall also have no openings in the wire greater than two inches.

(d) An entrance/exit gate shall be provided and be constructed of the same material as the sidewalls and shall also have no openings in the wire greater than two inches. The gate shall be equipped with a device capable of being locked and shall be locked at all times when the animal is in the pen or kennel.

(4) **UNPROVOKED.** The condition in which the animal is not purposely excited, stimulated, agitated or disturbed.

(E) *Evidence justifying designation.* The City Council shall have the authority to designate any animal as a dangerous animal upon receiving evidence of the following:

(1) That the animal has, when unprovoked, bitten, attacked, or threatened the safety of a person or domestic animal as stated in division (C)(1).

(2) That the animal has been declared potentially dangerous and the animal has then bitten, attacked, or threatened the safety of a person or domestic animal as stated in division (C)(1).

(G) *Procedure.* The City Council, after having determined that an animal is dangerous, may proceed in the following manner: The City Council shall cause one owner of the animal to be notified in writing or in person that the animal is dangerous and may order the animal seized or make orders as deemed proper. This owner shall be notified as to dates, times, places and parties bitten, and shall be given 14 days to appeal this order by requesting a hearing before the City Council for a review of this determination.

(1) If no appeal is filed, the City Council shall obtain an order or warrant authorizing the seizure and the destruction of the animal from a court of competent jurisdiction, unless the animal is already in custody or the owner consents to the seizure and destruction of the animal.

(2) If an owner requests a hearing for determination as to the dangerous nature of the

animal, the hearing shall be held before the City Council, which shall set a date for hearing not more than three weeks after demand for the hearing. The records of the City Clerk's office shall be admissible for consideration without further foundation. After considering all evidence pertaining to the temperament of the animal, the City Council shall make an order as it deems proper.

(3) No person shall harbor an animal after it has been found to be dangerous and ordered into custody for destruction.

(H) *Stopping an attack.* If any police officer is witness to an attack by an animal upon a person or another animal, the officer may take whatever means the officer deems appropriate to bring the attack to an end and prevent further injury to the victim.

(J) *Dangerous animal requirements.*

(1) *Requirements.* If the City Council does not order the destruction of an animal that has been declared dangerous, the City Council may, as an alternative, order any or all of the following:

(a) That the owner provide and maintain a proper enclosure for the dangerous animal as specified in ' 91.12(C)(3);

(b) Post the front and the rear of the premises with clearly visible warning signs, including a warning symbol to inform children, that there is a dangerous animal on the property;

(c) Provide and show proof annually of public liability insurance in the minimum amount of \$300,000;

(d) If the animal is outside the proper enclosure, the animal must be muzzled (if physically possible depending on the type of animal) and restrained by a substantial chain or leash (not to exceed six feet in length) and under the physical restraint of a person 16 years of age or older. The muzzle must be of a design as to prevent the animal from biting any person or animal, but will not cause injury to the animal or interfere with its vision or respiration;

(e) The animal shall have a microchip implant as provided by M.S. ' 347.515, as it may be amended from time to time;

(h) If the animal is a cat or ferret, it must be up to date with rabies vaccination.

(D) *Subsequent offenses.* If an owner of an animal has subsequently violated the provisions under ' 91.12 with the same animal, the animal must be seized by animal control. The owner may request a hearing as defined in ' 91.12(G). If the owner is found to have violated the provisions for which the animal was seized, the City Council shall order the animal destroyed in a proper and humane manner and the owner shall pay the costs of confining the animal. If the person is found not to have violated the provisions for which the animal was seized, the owner may reclaim the animal under the provisions of ' 91.12(J)(3). If the animal is not yet reclaimed by the owner within 14 days after the date the owner is notified that the animal may be reclaimed, the animal may be disposed of as provided under ' 91.12(F) and the owner is liable to the animal control for the costs incurred in confining, impounding and disposing of the animal.

' 91.13 BASIC CARE.

(A) All animals shall receive from their owners or keepers kind treatment, housing in the winter, and sufficient food and water for their comfort. Any person not treating their pet in a humane manner will be subject to the penalties provided in this section.

(B) Dogs and cats. Dogs and cats must be provided the following basic care.

(1) *Food.* Dogs and cats must be provided with food of sufficient quantity and quality to allow for normal growth or the maintenance of body weight. Feed standards shall be those recommended by the National Research Council.

(2) *Water.* Dogs and cats must be provided with clean, potable water in sufficient quantity to satisfy the animal's needs or supplied by free choice. Snow or ice is not an adequate water source.

(3) *Transportation and shipment.* When dogs or cats are transported in crates or containers, the crates or containers must be constructed of nonabrasive wire or a smooth, durable material suitable for the animals. Crates and containers must be clean, adequately ventilated, contain sufficient space to allow the animals to turn around, and provide maximum safety and protection to the animals. Exercise for 20 to 30 minutes and water must be provided at least once every eight hours. Food must be provided at least once every 24 hours or more often, if necessary, to maintain the health and condition of the animals.

(4) *Shelter size.* A confinement area must provide sufficient space to allow each animal to turn about freely and to easily stand, sit, and lie in a normal position. Each confined animal must be provided a minimum square footage of floor space as measured from the tip of its nose to the base of its tail, plus 25%, expressed in square feet. The formula for computing minimum square footage is: (length of animal plus 25%) times (length of animal plus 25%), divided by 144. A shaded area must be provided sufficient to protect the animal from the direct rays of the sun at all times during the months of May to October.

(5) *Exercise.* All dogs and cats must be provided the opportunity for periodic exercise, either through free choice or through a forced work program, unless exercise is restricted by a licensed veterinarian.

(6) *Group housing and breeding.* Animals housed together must be kept in compatible groups. Animals must not be bred so often as to endanger their health.

(7) *Temperature.* Confinement areas must be maintained at a temperature suitable for the animal involved.

(8) *Ventilation.* An indoor confinement area must be ventilated. Drafts, odors, and moisture condensation must be minimized. Auxiliary ventilation, such as exhaust fans, vents, and air conditioning, must be used when the ambient temperature rises to a level that may endanger the health of the animal.

(9) *Lighting.* An indoor confinement area must have at least eight hours of illumination sufficient to permit routine inspection and cleaning.

(10) *Confinement and exercise area surfaces.* Where applicable, the interior surfaces of confinement and exercise areas, including crates or containers, must be constructed and maintained so that they are substantially impervious to moisture and may be readily cleaned. They must protect

the animal from injury and be kept in good repair.

(11) *Drainage*. Where applicable, a suitable method must be used to rapidly eliminate excess fluids from confinement areas.

(12) *Sanitation*. Food and water receptacles must be accessible to each animal and located so as to minimize contamination by excreta. Feeding and water receptacles must be kept clean. Disposable food receptacles must be discarded when soiled. Measures must be taken to protect animals from being contaminated with water, wastes, and harmful chemicals. Wastes must be disposed of properly. Where applicable, flushing methods and a disinfectant must be used periodically. Bedding, if used, must be kept clean and dry. Outdoor enclosures must be kept clean and base material replaced as necessary.

(C) *Birds, rodent other animals*. Basic care provided to pet and companion animal birds, rodents and other shall be consistent with M.S. ' 346.40, ' 346.41 and '346.42, as those statutes may be amended from time to time.

(D) *Dogs and cats in motor vehicles*.

(1) *Unattended dogs or cats*. A person may not leave a dog or a cat unattended in a standing or parked motor vehicle in a manner that endangers the dog's or cat's health or safety.

(2) *Removal of dogs or cats*. A peace officer, as defined in M.S. ' 626.84, as it may be amended from time to time, a humane agent, a dog warden, or a volunteer or professional member of a fire or rescue department of the city may use reasonable force to enter a motor vehicle and remove a dog or cat which has been left in the vehicle in violation of (D)(1). A person removing a dog or a cat under this division shall use reasonable means to contact the owner of the dog or cat to arrange for its return home. If the person is unable to contact the owner, the person may take the dog or cat to an animal shelter.

(E) *Dog houses*. A person in charge or control of any dog which is kept outdoors or in an unheated enclosure shall provide the dog with shelter and bedding as prescribed in this section as a minimum.

(1) *Building specifications*. The shelter shall include a moisture proof and windproof structure of suitable size to accommodate the dog and allow retention of body heat. It shall be made of durable material with a solid, moisture proof floor or a floor raised at least two inches from the ground. Between November 1 and March 31 the structure must have a windbreak at the entrance. The structure shall be provided with a sufficient quantity of suitable bedding material consisting of hay, straw, cedar shavings, blankets, or the equivalent, to provide insulation and protection against cold and dampness and promote retention of body heat.

(2) *Shade*. Shade from the direct rays of the sun, during the months of May to October shall be provided.

(3) *Farm dogs*. In lieu of the requirements of (E)(1) and (E)(2), a dog kept on a farm may be provided with access to a barn with a sufficient quantity of loose hay or bedding to protect against cold and dampness.

' 91.14 BREEDING MORATORIUM.

Every female dog or female cat in heat shall be confined in a building or other enclosure in a manner that it cannot come in contact with another dog or cat except for planned breeding. Upon capture and failure to reclaim the animal, every dog or cat shall be neutered or spayed prior to being transferred to a new owner.

' 91.18 FIGHTING ANIMALS.

(A) The provisions of M.S. ' 343.31, as it may be amended from time to time, are adopted herein by reference.

(B) No person shall:

(1) Promote, engage in, or be employed in the activity of cockfighting, dogfighting, or violent pitting of one pet or companion animal as defined in M.S. ' 346.36, Subd. 6, as it may be amended from time to time, against another of the same or a different kind;

(2) Receive money for the admission of a person to a place used, or about to be used, for that activity;

(3) Willfully permit a person to enter or use for that activity premises of which the permitter is the owner, agent, or occupant; or

(4) Use, train, or possess a dog or other animal for the purpose of participating in, engaging in, or promoting that activity.

(5) Purchase a ticket of admission or otherwise gain admission to the activity of cockfighting, dogfighting, or violent pitting of one pet or companion animal against another of the same or a different kind.

' 91.19 FEEDING STRAY CATS AND DOGS.

(A) *Definitions.*

(1) **FEED** or **FEEDING** means the placing of dog or cat food, or similar food products or consumable materials attractive to dogs and cats, which may result in dogs and cats congregating thereon on a regular basis, placed on the ground, in an obviously intended feeder, or in a feeder at a height accessible to cats and dogs.

(2) **STRAY** means a domestic or feral dog or cat running at large and unaccompanied or controlled by an owner.

(B) *Policy and purpose.* High populations of stray dogs and cats pose a hazard to human health and safety, as such animals provide a fruitful breeding ground for infectious disease, including but not limited to rabies and distemper, and may otherwise bite or attack humans and domestic animals. In addition, food provided for stray animals is often attractive to wild animals such as raccoons and rodents and may create nuisance conditions such as a rat harborage or other wild animal infestation.

(C) No person shall feed or allow the feeding of any stray cat or dog within the city.

(D) *Exceptions.* Veterinarians and persons who, acting within the scope of their employment with any governmental entity, non-profit, or humane society has custody of or manages stray dogs and cats are not subject to the prohibitions of this section.

' 91.99 PENALTY.

(A) *Separate offenses.* Each day a violation of this chapter is committed or permitted to continue shall constitute a separate offense and shall be punishable under this section.

(B) *Misdemeanor.* Unless otherwise provided, violation of this chapter shall constitute a misdemeanor punishable as provided in ' 10.99.

(C) *Petty misdemeanor.* Violations of " 91.02, 91.07, 91.13 and 91.14 are petty misdemeanors punishable as provided in ' 10.99.

CHAPTER 92: HEALTH AND SAFETY; NUISANCES

Section

General Provisions

- 92.01 Assessable current services
- 92.02 Tree diseases and shade tree pest control

Nuisances

- 92.15 Public nuisance
- 92.16 Public nuisances affecting health
- 92.17 Public nuisances affecting morals and decency
- 92.18 Public nuisances affecting peace and safety
- 92.19 Nuisance parking and storage
- 92.20 Inoperable motor vehicles
- 92.21 Building maintenance and appearance
- 92.22 Duties of city officers
- 92.23 Abatement
- 92.24 Recovery of cost

Weeds

- 92.35 Short title
- 92.36 Jurisdiction
- 92.37 Definitions; exclusions
- 92.38 Owners responsible for trimming, removal and the like
- 92.39 Filing complaint
- 92.40 Notice of violations
- 92.41 Appeals
- 92.42 Abatement by city
- 92.43 Liability

Open Burning

- 92.60 Definitions
- 92.61 Prohibited materials
- 92.62 Permit required for open burning
- 92.63 Purposes allowed for open burning
- 92.64 Permit application for open burning; permit fees
- 92.65 Permit process for open burning
- 92.66 Permit holder responsibility
- 92.67 Revocation of open burning permit
- 92.68 Denial of open burning permit
- 92.69 Burning ban or air quality alert
- 92.70 Rules and laws adopted by reference
- 92.71 External solid fuel-fired heating devices (outdoor wood burning stoves)

GENERAL PROVISIONS

' 92.01 ASSESSABLE CURRENT SERVICES.

(A) *Definition.* For the purpose of this section, the following definition shall apply unless the context clearly indicates or requires a different meaning.

CURRENT SERVICE. Shall mean one or more of the following: snow, ice, or rubbish removal from sidewalks; weed elimination from street grass plots adjacent to sidewalks or from private property; removal or elimination of public health or safety hazards from private property, excluding any hazardous building included in M.S. " 463.15 through 463.26 as they may amended from time to time; installation or repair of water service lines; street sprinkling, street flushing, light street oiling, or other dust treatment of streets; repair of sidewalks and alleys; trimming and care of trees and removal of unsound and insect-infected trees from the public streets or private property; and the operation of a street lighting system.

(B) *Snow, ice, dirt and rubbish.*

(1) *Duty of owners and occupants.* The owner and the occupant of any property adjacent to a public sidewalk shall use diligence to keep the walk safe for pedestrians. No owner or occupant shall allow snow, ice, dirt or rubbish to remain on the walk longer than 24 hours after its deposit thereon. Failure to comply with this section shall constitute a violation.

(2) *Removal by city.* The City Clerk or other person designated by the City Council may cause removal from all public sidewalks of all snow, ice, dirt and rubbish as soon as possible beginning 24 hours after any matter has been deposited thereon or after the snow has ceased to fall. The City Clerk or other designated person shall keep a record showing the cost of removal adjacent to each separate lot and parcel.

(C) *Public health and safety hazards.* When the city removes or eliminates public health or safety hazards from private property under the following provisions of this chapter, the administrative officer responsible for doing the work shall keep a record of the cost of the removal or elimination against each parcel of property affected and annually deliver that information to the City Clerk.

(D) *Installation and repair of water service lines.* Whenever the city installs or repairs water service lines serving private property under Chapter 52 of this code, the City Clerk shall keep a record of the total cost of the installation or repair against the property.

(E) *Damage to public property.* Any person driving any vehicle, equipment, object or contrivance upon any street, road, highway or structure shall be liable for all damages which the surface or structure thereof may sustain as a result of any illegal operation, or driving or moving of the vehicle, equipment or object or contrivance; or as a result of operating, driving or moving any vehicle, equipment, object or contrivance weighing in excess of the maximum weight permitted by statute or this code. When the driver is not the owner of the vehicle, equipment, object or contrivance, but is operating, driving or moving it with the express or implied permission of the owner, then the owner and the driver shall be jointly and severally liable for any such damage. Any

person who willfully acts or fails to exercise due care and by that act damages any public property shall be liable for the amount thereof, which amount shall be collectable by action or as a lien under M.S. ' 514.67, as it may be amended from time to time.

Penalty, see ' 92.99

' 92.02 TREE DISEASES AND SHADE TREE PEST CONTROL.

(A) *Declaration of policy.* The health of the trees in the city is threatened by shade tree pests, and the loss or ill health of trees growing upon public and private property substantially depreciates the value of property within the city and impairs the safety, good order, general welfare and convenience of the public. In addition to and in accordance with M.S. " 89.001, 89.01 and 89.51 through 89.64, as those sections may be amended from time to time, the provisions of this section are adopted to attempt to control and prevent the spread of these shade tree pests.

(B) *Jurisdiction.* The city shall have control of all street trees, shrubs, and other plantings now or hereafter in any street, park, public right-of-way or easement, or other public place within the city limits, and shall have the power to plant, care for, maintain, remove, and replace such trees, shrubs and other plantings.

(C) *Declaration of a shade tree pest.* The Council may declare any vertebrate or invertebrate animal, plant pathogen, or plant threatening to cause significant damage to a shade tree or community forest as defined by M.S. ' 89.001, to be a shade tree pest and prescribe control measures to effectively eradicate, control or manage the shade tree pest including necessary timelines for action.

(D) *Public nuisances declared.* A shade tree pest declared by Council occurring within a declared control zone is a public nuisance.

(E) *Shade tree pest nuisances are unlawful.* It is unlawful for any person to permit any public nuisance as defined in this section to remain on any premises the person owns or controls within the city. The nuisance may be abated as provided in this section.

(F) *Definition of control areas.* Upon declaring a shade tree pest, the Council may define one or more locations within the geographic boundaries of the city to be within a shade tree pest control area provided such locations are characterized by biologic, composition, environmental and size factors favorable to successful application of the control measures prescribed by Council.

(G) *Tree Inspector.* The Council may appoint a Tree Inspector to coordinate the activities of the city relating to the control and prevention of damage by shade tree pests. The Tree Inspector will recommend to the Council the details of any program for the declaration, control and prevention of shade tree pests. The Tree Inspector is authorized to enforce or cause to be enforced the tasks incident to such a program adopted by the Council. The term **TREE INSPECTOR** includes any person designated by Council or the Tree Inspector to carry out activities authorized in this section.

(H) *Abatement of shade tree pest nuisances.*

(1) In abating a nuisance declared by ordinance under divisions (B) and (C), the organism, condition or plant and any tree, wood or material identified as injurious to the health of shade trees shall be removed or effectively treated so as to destroy and prevent as fully as possible the spread of the shade tree pest. Such abatement procedures shall be carried out in accordance with the control

measures and areas prescribed by ordinance according to divisions (C) and (K) and (O) .

(2) In addition, should the appropriate abatement procedure be removal and the tree(s) and/or hedge(s) be within the limits of a highway in a rural area within the city's jurisdiction, M.S. ' 160.22, as it may be amended from time to time, shall be complied with as necessary.

(I) *Reporting discovery of shade tree pest.* Any owner or occupier of land or any person engaged in tree trimming or removal who becomes aware of the existence of public nuisance caused by a shade tree pest as defined under division (C) shall report the same to the city.

(J) *Registration of tree care firms.* Any person, firm or corporation that provides tree care, tree trimming or removal of trees, limbs, branches, brush, or shrubs for hire must be registered with the Minnesota Commissioner of Agriculture under M.S. ' 18G.07, as it may be amended from time to time.

(K) *Inspection and application of control measures.*

(1) The Tree Inspector is authorized to inspect premises and places within the city to determine whether shade tree pests exist thereon and to investigate all reported incidents of shade tree pests. The Tree Inspector is authorized to take all reasonable measures to prevent the maintenance of public nuisances and may enforce the provisions relating to abatement in this section. Diagnosis of shade tree pests may be by the presence of commonly recognized symptoms or by tests as may be recommended by the Commissioner of the Minnesota Department of Agriculture or the Commissioner of the Minnesota Department of Natural Resources or other reliable means.

(2) Except in situations of imminent danger to human life and safety, the Tree Inspector shall not enter private property for the purpose of inspecting or preventing maintenance of public nuisances without the permission of the owner, resident or other person in control of the property, unless the Tree Inspector has obtained a warrant or order from a court of competent jurisdiction authorizing the entry.

(3) No person, firm, or corporation shall interfere with the Tree Inspector acting under his authority while engaged in activities authorized by this section.

(L) *Standard abatement procedure.* Except as provided in divisions (M) and (O), whenever a Tree Inspector determines with reasonable certainty that a public nuisance as described by this section is being maintained or exists on premises in the city, the Tree Inspector is authorized to abate a public nuisance according to the following procedure.

(1) The Tree Inspector will notify in writing the owner of record or occupant of the premises of such fact and order that the nuisance be terminated or abated. The notice may be given in person or by mail. Failure of any party to receive the mail does not invalidate the service of the notice. A copy of the notice shall be filed with the City Clerk.

(2) The notice of abatement shall state that unless the public nuisance is abated by the owner or occupant, it will be abated by the city at the expense of the owner or occupant. The notice shall specify the control measures to be taken to abate the nuisance, and provide a reasonable amount of time to abate the nuisance. The notice will also state that the owner or occupant has the right to appeal the determination that a public nuisance exists by submitting a request in writing to the City Clerk within seven days after service of the notice, or before the date by which abatement must be completed, whichever comes first.

(3) If no timely appeal is submitted, and the notice of abatement and its prescribed control measures are not complied with within the time provided by the notice or any additional time granted, the Tree Inspector or designated person shall have the authority to obtain permission or an administrative search warrant, enter the property and carry out abatement in accordance with the notice of abatement.

(M) *High cost abatement.* If the Tree Inspector determines that the cost of abating a nuisance will exceed \$5,000 based on a reasonable, good faith estimate, the written notice referred to in division (L) must provide that if the nuisance is not abated within the reasonable amount of time provided, the matter will be referred to the City Council for a hearing. The date, time, and location of the hearing must be provided in the notice.

(N) *Appeal procedure.* If the City Clerk receives a written request for a hearing on the question of whether a public nuisance in fact exists, the City Council shall hold a hearing within seven calendar days following receipt by the Clerk of the written request. At least three days notice shall be given to the individual who made the written request for the hearing. The Council may modify the abatement notice or extend the time by which abatement must be completed. Each owner, agent of the owner, occupant and lienholder of the subject property or properties in attendance, if any, shall be given the opportunity to present evidence at the hearing. After holding the hearing, the City Council may issue an order requiring abatement of the nuisance.

(O) *Abatement procedure in event of imminent danger.*

(1) If the Tree Inspector determines that the danger of infestation to other shade trees is imminent and delay in control measures may put public health, safety or welfare in immediate danger, the Tree Inspector may provide for abatement without following (L) or (M). The Tree Inspector must reasonably attempt to notify the owner or occupant of the affected property of the intended action and the right to appeal the abatement and any cost recovery at the next regularly scheduled City Council meeting.

(2) *Immediate Abatement.* Nothing in this section shall prevent the city, without notice or other process, from immediately abating any condition which poses an imminent and serious hazard to human life or safety.

(P) *Recovery of cost of abatement; liability and assessment.*

(1) The owner of premises on which a nuisance has been abated by the city shall be personally liable for the cost to the city of the abatement, including administrative costs. As soon as the work has been completed and the cost determined, the City Clerk or other official shall prepare a bill for the cost and mail it to the owner. Thereupon the amount shall be immediately due and payable at the office of the City Clerk.

(2) After notice and hearing as provided in M.S. ' 429.061, as it may be amended from time to time, the City Clerk may list the total unpaid charges along with all other charges as well as other charges for current services to be assessed under M.S. ' 429.101 against each separate lot or parcel to which the charges are attributable. The City Council may then certify the charges against the property under that statute and other pertinent statutes to the County Auditor for collection along with current taxes the following year or in annual installments as the City Council may determine in each case.

(Q) *Penalty.*

(1) Any person, firm, or corporation who violates any provision of this section shall, upon conviction, be guilty of a misdemeanor. The penalty which may be imposed for any crime which is a misdemeanor under this section, including Minnesota Statutes specifically adopted by reference, shall be a sentence of not more than 90 days or a fine of not more than \$1,000, or both.

(2) Upon conviction of a misdemeanor, the costs of prosecution may be added. A separate offense shall be deemed committed upon each day during which a violation occurs or continues.

(3) The failure of any officer or employee of the city to perform any official duty imposed by this section shall not subject the officer or employee to the penalty imposed for a violation.

(4) In addition to any penalties provided for in this section, if any person, firm or corporation fails to comply with any provision of this section, the City Council or any official designated by it, may institute appropriate proceedings at law or at equity to restrain, correct or abate the violation.

(R) *Declared shade tree pests, control measures and control areas.*

(1) *Oak Wilt.* Oak Wilt is declared a shade tree pest and is defined as any living or dead tree, log, firewood, limb, branch, stump or other portion of a tree from any species of the genus *Quercus* existing within the control area defined that has bark attached and that exceeds three inches in diameter or ten inches in circumference and contains to any degree any spore or reproductive structures of the fungus *Ceratocystis fagacearum*. Control measures prescribed for abating Oak Wilt Disease are:

(a) *Installation of a root graft barrier.* A root graft barrier can be ordered installed to prevent the underground spread of Oak Wilt Disease. The city will mark the location of the root graft barrier. The barrier disrupts transmission of the fungus within the shared vascular systems of root grafted trees. The barrier is created by excavating or vibratory plowing a line at least 42 inches deep between any oak tree infected with Oak Wilt Disease and each nearby and apparently healthy oak tree within 50 feet of the infected tree.

(b) *Removal and disposal of trees on property zoned for residential and commercial use.* On property that is zoned residential and commercial the city may mark for removal trees that have the potential to produce spores of the fungus *Ceratocystis fagacearum*. After, and in no case before the installation of the root graft barrier and no later than May 1 of the year following infection all marked trees must be felled. The stump from such felled trees must not extend more than three inches above the ground or, if taller, must be completely debarked. If, however, after the city prescribes the location for a root graft barrier, the city determines that installation of the barrier is impossible because of the presence of pavement or obstructions such as a septic system or utility line, the city may mark for removal all oak trees whether living or dead, infected or not and located between an infected tree and the marked barrier location. These marked trees must be felled and disposed of no later than May 1 of the year following infection. The stump from such felled trees must not extend more than three inches above the ground or, if taller, must be completely debarked.

(c) *Removal and disposal of trees on all other property.* On all other property the city may mark for removal all oak trees whether living or dead, infected or not and located between an infected tree and the marked barrier location. These marked trees must be felled and disposed of no later than May 1 of the year following infection. The stump from such felled trees must not extend

more than three inches above the ground or, if taller, must be completely debarked.

(d) *Wood disposal.* All wood more than three inches in diameter or ten inches in circumference from such felled trees must be disposed of by burying or debarking or chipping or sawing into wane-free lumber or by splitting into firewood, stacking the firewood and immediately covering the woodpile with unbroken 4-mil or thicker plastic sheeting that is sealed into the ground until October 1 of the calendar year following the calendar year in which the tree was felled or by burning before May 1 of the year following infection. Wood chips from infected trees may be stockpiled or immediately used in the landscape.

(e) The control area for Oak Wilt Disease is defined as all lands within the boundaries of the city.

(2) *Emerald Ash Borer.* Emerald Ash Borer is declared a shade tree pest and is defined as an insect that attacks and kills ash trees. The adults are small, iridescent green beetles that live outside of trees during the summer months. The larvae are grub or worm-like and live underneath the bark of ash trees.

(a) Control measures prescribed for abating Emerald Ash Borer are those provided in the document, *Guidelines to Slow the Growth and Spread of Emerald Ash Borer* from the Minnesota Department of Agriculture.

(b) *Definition of control areas.* The control area for Emerald Ash Borer is defined as all lands within the boundaries of the city.

(3) *Dutch Elm Disease.* Dutch Elm Disease is declared a shade tree pest and is defined as a disease of elm trees caused by the fungus *Ophiostoma ulmi* or *Ophiostoma novo-ulmi*, and includes any living or dead tree, log, firewood, limb, branch, stump or other portion of a tree from any species of the genus *Ulmus* existing within the control area defined that has bark attached and that exceeds three inches in diameter or ten inches in circumference and could contain bark beetles or any spore or reproductive structures of the fungus *Ophiostoma ulmi* or *Ophiostoma novo-ulmi*.

(a) Control measures prescribed for abating Dutch Elm Disease are:

1. *Use of fungicide.* Fungicides may be effective in preventing Dutch elm disease when injected into living trees that do not already show symptoms of Dutch elm disease. Fungicide injections on private lands are optional and, if performed, are at the landowner's expense.

2. *Removal and disposal of trees.* Prompt removal of diseased trees or branches reduces breeding sites for elm bark beetles and eliminates the source of Dutch elm disease fungus. Trees that wilt before July 15 must be removed within 20 days of detection [alternative: 30 days]. Trees that wilt after July 15 must be removed by April 1 of the following year. Diseased trees not promptly removed will be removed by the city at the landowner's expense. Wood may be retained for use as firewood or sawlogs if it is de-barked or covered from April 15 to October 15 with 4 mil plastic. The edges of the cover must be buried or sealed to the ground.

(b) *Definition of control areas.* The control area for Dutch Elm Disease is defined as all lands within the boundaries of the city.

92.03 PLACEMENT OF MAILBOXES

No person shall erect a United States Postage Mailbox on Main Street at anyplace on the right of way adjoining said street between the intersection of Main Street and First Avenue and the intersection of Main Street and Third Avenue.

92.04 REGULATING WHALAN CITY PARK

The Whalan City Ball Park shall be closed from 10:00 p.m. until 6:00 a.m. Violation of this ordinance shall be a petty misdemeanor.

NUISANCES

' 92.15 PUBLIC NUISANCE.

A person must not act, or fail to act in a manner that is or causes a public nuisance. For purpose of this chapter, a person who does any of the following is guilty of maintaining a public nuisance, which is a misdemeanor:

(A) Maintains or permits a condition which unreasonably annoys, injures or endangers the safety, health, morals, comfort or repose of any considerable number of members of the public;

(B) Interferes with, obstructs or renders dangerous for passage any public highway or right-of-way, or waters used by the public; or

(C) Does any other act or omission declared by law or " 92.16, 92.17 or 92.18, or any other part of this code to be a public nuisance and for which no sentence is specifically provided.

Penalty, see ' 92.99

' 92.16 PUBLIC NUISANCES AFFECTING HEALTH.

The following are hereby declared to be nuisances affecting health:

(A) Exposed accumulation of decayed or unwholesome food or vegetable matter;

(B) All diseased animals running at large;

(C) All ponds or pools of stagnant water;

(D) Carcasses of animals not buried or destroyed within 24 hours after death;

(E) Accumulations of manure, refuse or other debris;

(F) Privy vaults and garbage cans which are not rodent-free or fly-tight or which are so maintained as to constitute a health hazard or to emit foul and disagreeable odors;

(G) The pollution of any public well or cistern, stream or lake, canal or body of water by sewage, industrial waste or other substances;

- (H) All noxious weeds and other rank growths of vegetation upon public or private property;
- (I) Dense smoke, noxious fumes, gas and soot, or cinders, in unreasonable quantities;
- (J) All public exposure of people having a contagious disease; and
- (K) Any offensive trade or business as defined by statute not operating under local license.
- (L) All unnecessary and annoying vibrations.

Penalty, see ' 92.99

' 92.17 PUBLIC NUISANCES AFFECTING MORALS AND DECENCY.

The following are hereby declared to be nuisances affecting public morals and decency:

- (A) All gambling devices, slot machines and punch boards, except as otherwise authorized and permitted by federal, state or local law;
 - (B) Betting, bookmaking and all apparatus used in those occupations;
 - (C) All houses kept for the purpose of prostitution or promiscuous sexual intercourse, gambling houses, houses of ill fame and bawdy houses;
 - (D) All places where intoxicating liquor is manufactured or disposed of in violation of law or where, in violation of law, people are permitted to resort for the purpose of drinking intoxicating liquor, or where intoxicating liquor is kept for sale or other disposition in violation of law, and all liquor and other property used for maintaining that place. For the purposes of this section ***INTOXICATING LIQUOR*** shall mean any ethyl alcohol, distilled, fermented, spirituous, vinous or malt beverage containing more than 2% alcohol by volume;
 - (E) Any vehicle used for the unlawful transportation of intoxicating liquor, or for promiscuous sexual intercourse, or any other immoral or illegal purpose.
- Penalty, see ' 92.99

' 92.18 PUBLIC NUISANCES AFFECTING PEACE AND SAFETY.

The following are declared to be nuisances affecting public peace and safety:

- (A) All snow and ice not removed from public sidewalks 24 hours after the snow or other precipitation causing the condition has ceased to fall;
- (B) All trees, hedges, billboards or other obstructions which prevent people from having a clear view of all traffic approaching an intersection;
- (C) All wires and limbs of trees which are so close to the surface of a sidewalk or street as to constitute a danger to pedestrians or vehicles;
- (D) All obnoxious noises in violation of Minn. Rules Ch. 7030, as they may be amended from time to time which are hereby incorporated by reference into this code;

(E) The discharging of the exhaust or permitting the discharging of the exhaust of any stationary internal combustion engine, motor boat, motor vehicle, motorcycle, all terrain vehicle, snowmobile or any recreational device except through a muffler or other device that effectively prevents loud or explosive noises therefrom and complies with all applicable state laws and regulations;

(F) The using or operation or permitting the using or operation of any radio receiving set, musical instrument, phonograph, paging system, machine or other device for producing or reproduction of sound in a distinctly and loudly audible manner so as to disturb the peace, quiet and comfort of any person nearby. Operation of any device referred to above between the hours of 10:00 p.m. and 7:00 a.m. in a manner so as to be plainly audible at the property line of the structure or building in which it is located, or at a distance of 50 feet if the source is located outside a structure or building shall be prima facie evidence of violation of this section;

(G) No person shall participate in any party or other gathering of people giving rise to noise, unreasonably disturbing the peace, quiet, or repose of another person. When a police officer determines that a gathering is creating such a noise disturbance, the officer may order all persons present, other than the owner or tenant of the premises where the disturbance is occurring, to disperse immediately. No person shall refuse to leave after being ordered by a police officer to do so. Every owner or tenant of such premises who has knowledge of the disturbance shall make every reasonable effort to see that the disturbance is stopped;

(H) Obstructions and excavations affecting the ordinary public use of streets, alleys, sidewalks or public grounds except under conditions as are permitted by this code or other applicable law;

(I) Radio aerials or television antennae erected or maintained in a dangerous manner;

(J) Any use of property abutting on a public street or sidewalk or any use of a public street or sidewalk which causes large crowds of people to gather, obstructing traffic and the free use of the street or sidewalk;

(K) All hanging signs, awnings and other similar structures over streets and sidewalks, so situated so as to endanger public safety, or not constructed and maintained as provided by ordinance;

(L) The allowing of rain water, ice or snow to fall from any building or structure upon any street or sidewalk or to flow across any sidewalk;

(M) Any barbed wire fence less than six feet above the ground and within three feet of a public sidewalk or way;

(N) All dangerous, unguarded machinery in any public place, or so situated or operated on private property as to attract the public;

(O) Waste water cast upon or permitted to flow upon streets or other public properties;

(P) Accumulations in the open of discarded or disused machinery, household appliances, automobile bodies or other material in a manner conducive to the harboring of rats, mice, snakes or vermin, or the rank growth of vegetation among the items so accumulated, or in a manner creating fire, health or safety hazards from accumulation;

(Q) Any well, hole or similar excavation which is left uncovered or in another condition as to

constitute a hazard to any child or other person coming on the premises where it is located;

(R) Obstruction to the free flow of water in a natural waterway or a public street drain, gutter or ditch with trash or other materials;

(S) The placing or throwing on any street, sidewalk or other public property of any glass, tacks, nails, bottles or other substance which may injure any person or animal or damage any pneumatic tire when passing over the substance;

(T) The depositing of garbage or refuse on a public right-of-way or on adjacent private property;

(U) All other conditions or things which are likely to cause injury to the person or property of anyone.

(V) (1) *Noises prohibited.*

(a) *General prohibition.* No person shall make or cause to be made any distinctly and loudly audible noise that unreasonably annoys, disturbs, injures, or endangers the comfort, repose, health, peace, safety, or welfare of any person or precludes their enjoyment of property or affects their property's value. This general prohibition is not limited by the specific restrictions of this section.

(b) *Defective vehicles or loads.* No person shall use any vehicle so out of repair or so loaded as to create loud and unnecessary grating, grinding, rattling, or other noise.

(c) *Loading, unloading, unpacking.* No person shall create loud or excessive noise in loading, unloading, or unpacking any vehicle.

(d) *Radios, phonographs, paging systems, and the like.* No person shall use or operate or permit the use or operation of any radio receiving set, musical instrument, phonograph, paging system, machine or other device for the production or reproduction of sound in a distinct and loudly audible manner as to unreasonably disturb the peace, quiet, and comfort of any person nearby. Operation of any such set, instrument, phonograph, machine or other device between the hours of 10:00 p.m. and 7:00 a.m. in such a manner as to be plainly audible at the property line of the structure or building in which it is located, in the hallway or apartment adjacent, or at a distance of 50 feet if the source is located outside a structure or building, shall be prima facie evidence of a violation of this section.

(e) *Schools, churches, hospitals, and the like.* No person shall create any excessive noise on a street, alley or public grounds adjacent to any school, institution of learning, church or hospital when the noise unreasonably interferes with the working of the institution or disturbs or unduly annoys its occupants or residents and when conspicuous signs indicate the presence of such institution.

(2) *Hourly restriction of certain operations.*

(a) *Domestic power equipment.* No person shall operate a power lawn mower, power hedge clipper, chain saw, mulcher, garden tiller, edger, drill or other similar domestic power

maintenance equipment except between the hours of 7:00 a.m. and 10:00 p.m. on any weekday or between the hours of 9:00 a.m. and 9:00 p.m. on any weekend or holiday. Snow removal equipment is exempt from this provision.

(b) *Refuse hauling.* No person shall collect or remove garbage or refuse in any residential district except between the hours of 6:00 a.m. and 10:00 p.m. on any weekday or between the hours of 9:00 a.m. and 9:00 p.m. on any weekend or holiday.

(c) *Construction activities.* No person shall engage in or permit construction activities involving the use of any kind of electric, diesel, or gas-powered machine or other power equipment except between the hours of 7:00 a.m. and 10:00 p.m. on any weekday or between the hours of 9:00 a.m. and 9:00 p.m. on any weekend or holiday.

(3) *Noise impact statements.* The Council may require any person applying for a change in zoning classification or a permit or license for any structure, operation, process, installation or alteration or project that may be considered a potential noise source to submit a noise impact statement on a form prescribed by the Council. It shall evaluate each such statement and take its evaluation into account in approving or disapproving the license or permit applied for or the zoning change requested.

(W) Reflected glare or light from private exterior lighting exceeding 0.5 foot candles as measured on the property line of the property where the lighting is located when abutting any residential parcel, and one foot candle when abutting any commercial or industrial parcel.
Penalty, see ' 92.99

' 92.19 NUISANCE PARKING AND STORAGE.

(A) *Declaration of nuisance.* The outside parking and storage on residentially-zoned property of large numbers of vehicles and vehicles, materials, supplies or equipment not customarily used for residential purposes in violation of the requirements set forth below is declared to be a public nuisance because it (a) obstructs views on streets and private property, (b) creates cluttered and otherwise unsightly areas, (c) prevents the full use of residential streets for residential parking, (d) introduces commercial advertising signs into areas where commercial advertising signs are otherwise prohibited, (e) decreases adjoining landowners' and occupants' enjoyment of their property and neighborhood, and (f) otherwise adversely affects property values and neighborhood patterns.

(B) *Unlawful parking and storage.*

(1) A person must not place, store, or allow the placement or storage of ice fish houses, skateboard ramps, playhouses or other similar non-permanent structures outside continuously for longer than 24 hours in the front-yard area of residential property unless more than 100 feet back from the front property line.

(2) A person must not place, store, or allow the placement or storage of pipe, lumber, forms, steel, machinery, or similar materials, including all materials used in connection with a business, outside on residential property, unless shielded from public view by an opaque cover or fence.

(3) A person must not cause, undertake, permit or allow the outside parking and storage of vehicles on residential property unless it complies with the following requirements:

(a) No more than four vehicles per lawful dwelling unit may be parked or stored anywhere outside on residential property, except as otherwise permitted or required by the city because of nonresidential characteristics of the property. This maximum number does not include vehicles of occasional guests who do not reside on the property.

(b) Vehicles that are parked or stored outside in the front-yard area must be on a paved or gravel parking surface or driveway area.

(c) Vehicles, watercraft and other articles stored outside on residential property must be owned by a person who resides on that property. Students who are away at school for periods of time but still claim the property as their legal residence will be considered residents on the property. Penalty, see ' 92.99

' 92.20 INOPERABLE MOTOR VEHICLES.

(A) *Declaration of a nuisance.* Any motor vehicles described in this section constitute a hazard to the health and welfare of the residents of the community in that such vehicles can harbor noxious diseases, furnish a shelter and breeding place for vermin and present physical danger to the safety and well-being of children and citizens; and vehicles containing fluids which, if released into the environment, can and do cause significant health risks to the community.

(B) It shall be unlawful to keep, park, store or abandon any motor vehicle which is not in operating condition, partially dismantled, used for repair of parts or as a source of repair or replacement parts for other vehicles, kept for scrapping, dismantling or salvage of any kind, or which is not properly licensed for operation with the state, pursuant to M.S. 168.13, as it may be amended from time to time.

(C) This section does not apply to a motor vehicle enclosed in a building and/or kept out of view from any street, road or alley, and which does not foster complaints from a resident of the city. A privacy fence is permissible. Penalty, see ' 92.99

' 92.21 BUILDING MAINTENANCE AND APPEARANCE.

(A) *Declaration of nuisance.* Buildings, fences and other structures that have been so poorly maintained that their physical condition and appearance detract from the surrounding neighborhood are declared to be public nuisances because they (a) are unsightly, (b) decrease adjoining landowners and occupants' enjoyment of their property and neighborhood, and (c) adversely affect property values and neighborhood patterns.

(B) *Standards.* A building, fence or other structure is a public nuisance if it does not comply with the following requirements:

(1) No part of any exterior surface may have deterioration, holes, breaks, gaps, loose or rotting boards or timbers.

(2) Every exterior surface that has had a surface finish such as paint applied must be maintained to avoid noticeable deterioration of the finish. No wall or other exterior surface may have peeling, cracked, chipped or otherwise deteriorated surface finish on more than 20% of:

(a) Any one wall or other flat surface; or

(b) All door and window moldings, eaves, gutters, and similar projections on any one side or surface.

(3) No glass, including windows and exterior light fixtures, may be broken or cracked, and no screens may be torn or separated from moldings.

(4) Exterior doors and shutters must be hung properly and have an operable mechanism to keep them securely shut or in place.

(5) Cornices, moldings, lintels, sills, bay or dormer windows and similar projections must be kept in good repair and free from cracks and defects that make them hazardous or unsightly.

(6) Roof surfaces must be tight and have no defects that admit water. All roof drainage systems must be secured and hung properly.

(7) Chimneys, antennae, air vents, and other similar projections must be structurally sound and in good repair. These projections must be secured properly, where applicable, to an exterior wall or exterior roof.

(8) Foundations must be structurally sound and in good repair.

Penalty, see ' 92.99

' 92.22 DUTIES OF CITY OFFICERS.

For purposes of " 92.22 and 92.23, the Police Department, or Sheriff or person designated by the City Council under ' 10.20, if the city has at the time no Police Department, may enforce the provisions relating to nuisances. Any peace officer or designated person shall have the power to inspect private premises and take all reasonable precautions to prevent the commission and maintenance of public nuisances. Except in emergency situations of imminent danger to human life and safety, no police officer or designated person shall enter private property for the purpose of inspecting or preventing public nuisances without the permission of the owner, resident or other person in control of the property, unless the officer or person designated has obtained a warrant or order from a court of competent jurisdiction authorizing the entry, as provided in ' 10.20.

' 92.23 ABATEMENT.

(A) *Notice.* Written notice of violation; notice of the time, date, place and subject of any hearing before the City Council; notice of City Council order; and notice of motion for summary enforcement hearing shall be given as set forth in this section.

(1) *Notice of violation.* Written notice of violation shall be served by a peace officer or designated person on the owner of record or occupant of the premises either in person or by certified or registered mail. If the premises is not occupied, the owner of record is unknown, or the owner of record or occupant refuses to accept notice of violation, notice of violation shall be served by posting it on the premises.

(2) *Notice of City Council hearing.* Written notice of any City Council hearing to determine or abate a nuisance shall be served on the owner of record and occupant of the premises either in person or by certified or registered mail. If the premises is not occupied, the owner of record is unknown, or the owner of record or occupant refuses to accept notice of the City Council hearing, notice of City Council hearing shall be served by posting it on the premises.

(3) *Notice of City Council order.* Except for those cases determined by the city to require summary enforcement, written notice of any City Council order shall be made as provided in M.S. ' 463.17 (Hazardous and Substandard Building Act), as it may be amended from time to time.

(4) *Notice of motion for summary enforcement.* Written notice of any motion for summary enforcement shall be made as provided for in M.S. ' 463.17 (Hazardous and Substandard Building Act), as it may be amended from time to time.

(B) *Procedure.* Whenever a peace officer or designated person determines that a public nuisance is being maintained or exists on the premises in the city, the officer or person designated may notify in writing the owner of record or occupant of the premises of such fact and order that the nuisance be terminated or abated. The notice of violation shall specify the steps to be taken to abate the nuisance and the time within which the nuisance is to be abated. If the notice of violation is not complied with within the time specified, the officer or designated person shall report that fact forthwith to the City Council. Thereafter, the City Council may, after notice to the owner or occupant and an opportunity to be heard, determine that the condition identified in the notice of violation is a nuisance and further order that if the nuisance is not abated within the time prescribed by the City Council, the city may seek injunctive relief by serving a copy of the City Council order and notice of motion for summary enforcement or obtain an administrative search and seizure warrant and abate the nuisance.

(C) *Emergency procedure; summary enforcement.* In cases of emergency, where delay in abatement required to complete the notice and procedure requirements set forth in divisions (A) and (B) of this section will permit a continuing nuisance to unreasonably endanger public health safety or welfare, the City Council may order summary enforcement and abate the nuisance. To proceed with summary enforcement, the officer or designated person shall determine that a public nuisance exists or is being maintained on premises in the city and that delay in abatement of the nuisance will unreasonably endanger public health, safety or welfare. The officer or designated person shall notify in writing the occupant or owner of the premises of the nature of the nuisance and of the city's intention to seek summary enforcement and the time and place of the City Council meeting to consider the question of summary enforcement. The City Council shall determine whether or not the condition identified in the notice to the owner or occupant is a nuisance, whether public health, safety or welfare will be unreasonably endangered by delay in abatement required to complete the procedure set forth in division (A) of this section, and may order that the nuisance be immediately terminated or abated. If the nuisance is not immediately terminated or abated, the City Council may order summary enforcement and abate the nuisance.

(D) *Immediate abatement.* Nothing in this section shall prevent the city, without notice or other process, from immediately abating any condition which poses an imminent and serious hazard to human life or safety.

Penalty, see ' 92.99

' 92.24 RECOVERY OF COST.

(A) *Personal liability.* The owner of premises on which a nuisance has been abated by the city or a person who has caused a public nuisance on a property not owned by that person shall be personally liable for the cost to the city of the abatement, including administrative costs. As soon as the work has been completed and the cost determined, the City Clerk or other official shall prepare a bill for the cost and mail it to the owner. Thereupon the amount shall be immediately due and payable at the office of the City Clerk.

(B) *Assessment.* After notice and hearing as provided in M.S. ' 429.061, as it may be amended from time to time, if the nuisance is a public health or safety hazard on private property, the accumulation of snow and ice on public sidewalks, the growth of weeds on private property or outside the traveled portion of streets, or unsound or insect-infected trees, the City Clerk shall, on or before September 1 next following abatement of the nuisance, list the total unpaid charges along with all other charges as well as other charges for current services to be assessed under M.S. ' 429.101 against each separate lot or parcel to which the charges are attributable. The City Council may then spread the charges against the property under that statute and other pertinent statutes for certification to the County Auditor and collection along with current taxes the following year or in annual installments, not exceeding ten, as the City Council may determine in each case.
Penalty, see ' 92.99

WEEDS

' 92.35 SHORT TITLE.

This subchapter shall be cited as the Weed Ordinance.

' 92.36 JURISDICTION.

This subchapter shall be in addition to any state statute or regulation or county ordinance presently in effect, subsequently added, amended or repealed.

' 92.37 DEFINITIONS; EXCLUSIONS.

(A) For the purpose of this subchapter, the following definitions shall apply unless the context clearly indicates or requires a different meaning.

DESTRUCTION ORDER. The notice served by the City Council or designated city official, in cases of appeal, on the property owner of the ordinance violation that shall conform to M.S. ' 18.83, Subd. 2, as it may be amended from time to time.

MEADOW VEGETATION. Grasses and flowering broad-leaf plants that are native to, or adapted to, the state of Minnesota, and that are commonly found in meadow and prairie plant communities, except weeds as defined herein.

PROPERTY OWNER. The person occupying the property, the holder of legal title or a person having control over the property of another, such as a right-of-way, easement, license or lease.

WEEDS, GRASSES and RANK VEGETATION. Includes but is not limited to the following:

(a) Noxious weeds and rank vegetation shall include but not be limited to: alum (allium), Buckthorn, Bur Cucumber, Canada Thistle, Corncockle, Cressleaf Groundsel, Curly Dock, Dodder, Field Bindweed, French Weed, Hairy Whitetop, Hedge Bindweed, Hoary Cress, Horsenettle, Johnsongrass, Leafy Spurge, Mile-A-Minute Weed, Musk Thistle, Oxeye Daisy, Perennial Sowthistle, Poison Hemlock, Purple Loosestrife, Quackgrass, Russian Knapweed, Russian Thistle, Serrated Tussock, ShatterCane, Sorghum, Wild Carrot, Wild Garlic, Wild Mustard, Wild Onion, Wild Parsnip;

(b) Grapevines when growing in groups of 100 or more and not pruned, sprayed, cultivated, or otherwise maintained for two consecutive years;

(c) Bushes of the species of tall, common, or European barberry, further known as *berberis vulgaris* or its horticultural varieties;

(d) Any weeds, grass, or plants, other than trees, bushes, flowers, or other ornamental plants, growing to a height exceeding 12 inches;

(e) Rank vegetation includes the uncontrolled, uncultivated growth of annuals and perennial plants;

(f) The term **WEEDS** does not include shrubs, trees, cultivated plants or crops.

(g) Any other weed designated by M.S. ' 18.77, Subd. 8, as it may be amended from time to time, as noxious.

(B) In no event shall cultivated plants or crops include plants which have been defined by state statute or administrative rule as being noxious or detrimental plants.

' 92.38 OWNERS RESPONSIBLE FOR TRIMMING, REMOVAL AND THE LIKE.

(A) All property owners shall be responsible for the removal, cutting, or disposal and elimination of weeds, grasses and rank vegetation or other uncontrolled plant growth on their property, which at the time of notice, is in excess of 12 inches in height.

(B) These provisions shall not apply to an area established with meadow vegetation if:

(1) The prior vegetation is eliminated and the meadow vegetation is planted through transplanting or seed by human or mechanical means; and

(2) A sign is posted on the property in a location likely to be seen by the public, advising that a meadow or prairie is being established. This sign must be no smaller than ten inches square, no larger than one square foot, and no higher than three feet tall.

Penalty, see ' 92.99

' 92.39 FILING COMPLAINT.

Any person, including the city, who believes there is property located within the corporate limits of the city which has growing plant matter in violation of this subchapter shall make a written complaint signed, dated and filed with the City Clerk. If the city makes the complaint, an employee, officer or Council Member of the city shall file the complaint in all respects as set out above.

' 92.40 NOTICE OF VIOLATIONS.

(A) Upon receiving notice of the probable existence of weeds in violation of this subchapter, a person designated by the City Council shall make an inspection and prepare a written report to the City Council regarding the condition. The City Council, upon concluding that there is a probable belief that this subchapter has been violated, shall forward written notification in the form of a Destruction Order to the property owner or the person occupying the property as that information is contained within the records of the City Clerk or any other city agency. The notice shall be served in writing by certified mail. The notice shall provide that within seven regular business days after the receipt of the notice that the designated violation shall be removed by the property owner or person occupying the property.

(B) (1) All notices are to be in writing and all filings are to be with the City Clerk.

(2) Certified mailing to the City Clerk or others is deemed filed on the date of posting to the United States Postal Service.

' 92.41 APPEALS.

(A) The property owner may appeal by filing written notice of objections with the City Council within 48 hours of the notice, excluding weekends and holidays, if the property owner contests the finding of the City Council. It is the property owner's responsibility to demonstrate that the matter in question is shrubs, trees, cultivated plants or crops or is not otherwise in violation of this subchapter, and should not be subject to destruction under the subchapter.

(B) An appeal by the property owner shall be brought before the City Council and shall be decided by a majority vote of the Council Members in attendance and being at a regularly scheduled or special meeting of the City Council.

' 92.42 ABATEMENT BY CITY.

In the event that the property owner shall fail to comply with the Destruction Order within seven regular business days and has not filed a notice within 48 hours to the City Clerk of an intent to appeal, the City Council may employ the services of city employees or outside contractors and remove the weeds to conform to this subchapter by all lawful means. No person shall enter the property to abate the nuisance, except with the permission of the owner, resident or other person in control of the property or has obtained a warrant issued by a court of competent jurisdiction.

' 92.43 LIABILITY.

(A) The property owner is liable for all costs of removal, cutting or destruction of weeds as defined by this subchapter.

(B) The property owner is responsible for all collection costs associated with weed destruction, including but not limited to court costs, attorney's fees and interest on any unpaid amounts incurred by the city. If the city uses municipal employees, it shall set and assign an appropriate per hour rate for employees, equipment, supplies and chemicals which may be used.

(C) All sums payable by the property owner are to be paid to the City Clerk and to be deposited in a general fund as compensation for expenses and costs incurred by the city.

(D) All sums payable by the property owner may be collected as a special assessment as provided by M.S. ' 429.101, as it may be amended from time to time.

OPEN BURNING

' 92.60 DEFINITIONS.

For the purpose of this chapter, the following definitions shall apply unless the context clearly indicates or requires a different meaning.

FIRE CHIEF, FIRE MARSHAL, and ASSISTANT FIRE MARSHALS. The Fire Chief, Fire Marshal, and Assistant Fire Marshals of the Fire Department which provides fire protection services to the city.

OPEN BURNING. The burning of any matter if the resultant combustion products are emitted directly to the atmosphere without passing through a stack, duct or chimney, except a recreational fire as defined herein. Mobile cooking devices such as manufactured hibachis, charcoal grills, wood smokers, and propane or natural gas devices are not defined as open burning.

RECREATIONAL FIRE. A fire set with approved starter fuel no more than three feet in height, contained within the border of a recreational fire site using dry, clean wood; producing little detectable smoke, odor or soot beyond the property line; conducted with an adult tending the fire at all times; for recreational, ceremonial, food preparation for social purposes; extinguished completely before quitting the occasion; and respecting weather conditions, neighbors, burning bans, and air quality so that nuisance, health or safety hazards will not be created. No more than one recreational fire is allowed on any property at one time.

RECREATIONAL FIRE SITE. An area of no more than a three foot diameter circle (measured from the inside of the fire ring or border); completely surrounded by non-combustible and non-smoke or odor producing material, either of natural rock, cement, brick, tile or blocks or ferrous metal only and which area is depressed below ground, on the ground, or on a raised bed. Included are permanent outdoor wood burning fireplaces. Burning barrels are not a recreation fire site as defined herein. Recreational fire sites shall not be located closer than 25 feet to any structure or combustible material.

RUNNING FIRE. An attended fire allowed it to spread through surface vegetative matter under controlled conditions for the purpose of vegetative management, forest management, game habitat management, or agricultural improvement.

STARTER FUELS. Dry, untreated, unpainted, kindling, branches, cardboard or charcoal fire starter. Paraffin candles and alcohols are permitted as starter fuels and as aids to ignition only. Propane gas torches or other clean gas burning devices causing minimal pollution must be used to start an open burn.

VEGETATIVE MATERIALS. Dry leaves, dry grass clippings, twigs, branches, tree limbs, untreated or unpainted wood that contains no glues or resins, and other similar materials. Paper and cardboard are not considered vegetative materials.

WOOD. Dry, clean fuel only such as twigs, branches, limbs, manufactured fireplace logs, charcoal, cord wood or untreated dimensional lumber. Wood does not include wood that is green with leaves or needles, rotten, wet, oil soaked, or treated with paint, glue or preservatives. Clean pallets may be used for recreational fires when cut into three foot lengths.

' 92.61 PROHIBITED MATERIALS.

(A) No person shall conduct, cause or permit open burning of oils, petroleum fuels, rubber, plastics, chemically treated materials, or other materials which produce excessive or noxious smoke such as but not limited to: tires, railroad ties, treated, painted or glued wood composite shingles, tar paper, insulation, composition board, sheet rock, wiring, paint or paint fillers.

(B) No person shall conduct, cause or permit open burning of: hazardous waste or materials from salvage operations; solid waste generated from an industrial or manufacturing process; materials from a service or commercial establishment; or building material generated from demolition of commercial or institutional structures.

(C) No person shall conduct, cause or permit open burning of discarded material resulting from the handling, processing, storage, preparation, serving or consumption of food.

(D) No person shall conduct, cause or permit open burning of any leaves or grass clippings.
Penalty, see ' 92.99

' 92.62 PERMIT REQUIRED FOR OPEN BURNING.

No person shall start or allow any open burning on any property in the city without first having obtained an open burn permit, except that a permit is not required for any fire which is a recreational fire as defined in ' 92.60.

Penalty, see ' 92.99

' 92.63 PURPOSES ALLOWED FOR OPEN BURNING.

(A) Open burn permits may be issued only for the following purposes:

(1) Elimination of fire or health hazards that cannot be abated by other practical means.

(2) Ground thawing for utility repair and construction.

(3) Disposal of vegetative matter for managing forest, prairie or wildlife habitat, and in the development and maintenance of land and rights-of-way where chipping, composting, landspreading or other alternative methods are not practical.

(4) Disposal of diseased trees generated on-site, diseased or infected nursery stock, diseased bee hives.

(5) Disposal of unpainted, untreated, non-glued lumber and wood shakes generated from construction, where recycling, reuse, removal or other alternative disposal methods are not practical.

(6) Running fires.

(B) Fire training permits can only be issued by the Minnesota Department of Natural Resources.

(C) Permits for the operation of permanent tree and brush burning sites may only be issued by the Minnesota Department of Natural Resources (DNR).

Penalty, see ' 92.99

' 92.64 PERMIT APPLICATION FOR OPEN BURNING; PERMIT FEES.

(A) Open burning permits shall be obtained by making an application on a form prescribed by the Department of Natural Resources (DNR) and adopted by the Fire Department. The permit application shall be presented to the Fire Chief, Fire Marshal, and Assistant Fire Marshals for reviewing and processing those applications.

(B) An open burning permit shall require the payment of a fee. Permit fees shall be in the amount established in the Ordinance Establishing Fees and Charges, authorized by ' 30.11, as it may be amended from time to time.

Penalty, see ' 92.99

' 92.65 PERMIT PROCESS FOR OPEN BURNING.

(A) If the established criteria for the issuance of an open burning permit are not met, the application will be denied.

(B) Upon receipt of the completed open burning permit application and permit fee, the Fire Chief, Fire Marshal, or Assistant Fire Marshals, if he or she reasonably believes necessary, may require a preliminary site inspection to locate the proposed burn site, note special conditions, and set dates and time of permitted burn and review fire safety considerations.

' 92.66 PERMIT HOLDER RESPONSIBILITY.

(A) Prior to starting an open burn, the permit holder shall be responsible for confirming that no burning ban or air quality alert is in effect. Every open burn event shall be constantly attended by

the permit holder or his or her competent representative. The open burning site shall have available, appropriate communication and fire suppression equipment as set out in the fire safety plan.

(B) The open burn fire shall be completely extinguished before the permit holder or his or her representative leaves the site. No fire may be allowed to smolder with no person present. It is the responsibility of the permit holder to have a valid permit, as required by this subchapter, available for inspection on the site by the Police Department, Fire Department, MPCA representative or DNR forest officer.

(C) The permit holder is responsible for compliance and implementation of all general conditions, special conditions, and the burn event safety plan as established in the permit issued. The permit holder shall be responsible for all costs incurred as a result of the burn, including but not limited to fire suppression and administrative fees.

Penalty, see ' 92.99

' 92.67 REVOCATION OF OPEN BURNING PERMIT.

An open burning permit is subject to revocation at the discretion of DNR forest officer, the Fire Chief, Fire Marshal, or Assistant Fire Marshals. Reasons for revocation include but are not limited to a fire hazard existing or developing during the course of the burn, any of the conditions of the permit being violated during the course of the burn, pollution or nuisance conditions developing during the course of the burn, or a fire smoldering with no flame present.

Penalty, see ' 92.99

' 92.68 DENIAL OF OPEN BURNING PERMIT.

If established criteria for the issuance of an open burning permit are not met during review of the application, it is determined that a practical alternative method for disposal of the material exists, or a pollution or nuisance condition would result, or if a burn event safety plan cannot be drafted to the satisfaction of the Fire Chief, Fire Marshal, or Assistant Fire Marshals, these officers may deny the application for the open burn permit.

' 92.69 BURNING BAN OR AIR QUALITY ALERT.

(A) The designated fire official is authorized to determine when conditions make open burning potentially hazardous and declare a burning ban within the city.

(B) No recreational fire or open burn will be permitted when the city or DNR has officially declared a burning ban due to potential hazardous fire conditions or when the MPCA has declared an Air Quality Alert.

Penalty, see ' 92.99

' 92.70 RULES AND LAWS ADOPTED BY REFERENCE.

The provisions of M.S. " 88.16 to 88.22, as these statutes may be amended from time to time, are hereby adopted by reference and made a part of this subchapter as if fully set forth at this point.

' 92.71 EXTERNAL SOLID FUEL-FIRED HEATING DEVICES (OUTDOOR WOOD BURNING STOVES).

ADMINISTRATIVE PROVISIONS

A. PURPOSE. The City of Whalan adopts the regulations in this ordinance controlling the use, installation and operation of outdoor wood or other solid fuel-fired heating devices (SFHDs) to achieve the following purposes:

1. **Health.** To protect citizens from environmental hazards and to safeguard community health. In particular, to protect the health of citizens from fine particles in emissions generated by SFHDs. The Clean Air Act (CAA) required the U.S. Environmental Protection Agency (EPA) to establish standards for particulate matter. EPA's daily and annual fine particle National Ambient Air Quality Standards (NAAQS) were developed to protect the public from adverse health effects associated with exposure to fine particle pollution exposure. Sensitive populations protected by the CAA include persons who already have heart or lung diseases, children, and older adults. They experience serious health effects such as heart attacks, strokes, acute and chronic bronchitis, asthma episodes, reduced lung function, and other respiratory illnesses as a result of inhaling fine particle smoke which imbeds in their respiratory and circulatory systems. In addition to health effects, scientific studies show inhalation results in increased hospital and emergency room visits, lost work and school days, and in rare cases, premature death.

2. **Fire safety.** To protect citizens and structures from fire safety risks from SFHDs that are not properly installed, do not have proper safety equipment such as spark arresters, or are installed in close proximity to other buildings.

3. **Welfare.** To ensure the welfare of citizens and value of neighboring property are protected from negative effects of SFHDs.

4. **Education.** To educate citizens about the proper use, installation and operation of SFHDs and assist property owners and managers in maintaining compliance with these regulations.

B. STATUTORY AUTHORITY. The City of Whalan has the legal authority to adopt planning and zoning regulations. This legal authority exists in common law and in statute as listed below: 1. Minn. Stat. §§ 462.351 through 462.365 (planning and zoning authority).

C. DEFINITIONS. In general, words and phrases not defined shall be taken in their plain, or ordinary and usual sense. However, technical words and phrases having a peculiar and appropriate meaning in law shall be understood according to their technical import. For the purpose of this ordinance, the following definitions shall apply unless the context clearly indicates or requires a different meaning:

1. **Accessory structure.** A structure on the property designed to serve a main residence but also including a garage, housing for animals, or other supplementary land use structure which may use heat from an SFHD if it is not the SFHD.

2. **Clean wood.** Wood that has no paint, stains, varnish, or other types of coatings; that has not been pressure treated with preservatives, including but not limited to, copper chromium arsenate, creosote, or pentachlorophenol; that does not contain laminate, glue, or bonding agents; or is not co-burned with any prohibited fuels listed in Section I.C.19.

3. **Code official.** The officer or other designated authority charged with the administration and enforcement of this code or a duly authorized representative.

4. **Dual-fuel.** An SFHD which is designed by a manufacturer to burn another fuel in addition to wood.

5. **EPA.** The U.S. Environmental Protection Agency.

6. **Existing SFHD.** An SFHD that is installed and has been operating at its current location within the City of Whalan within the year prior to the effective date of this ordinance.

7. **Heating degree day season.** The time period during which the outdoor ambient temperature on an average daily basis falls below 65 degrees Fahrenheit.

8. LGUs. Local governmental units, including townships, cities, and counties, depending on which has jurisdiction under state law, but not including unorganized territory under county control.

9. Manufactured. Built and operational, and subsequently ready for shipment whether packaged or not.

10. Manufacturer. Any person who constructs or imports into the United States an SFHD.

11. New SFHD. An SFHD installed after the effective date of this ordinance.

12. NSPS. EPA's Standards of Performance for New Residential Hydronic Heaters and Forced-Air Furnaces, published in the Federal Register March 16, 2015 and codified at 40 CFR 60 Subpart QQQQ.

13. Nuisance. The creation of a public health, safety, fire, or private danger or interference by constructing or installing an unsafe structure potentially injurious to human, plant or animal life or to property, or that unreasonably interferes with the comfortable enjoyment of life and use of private or public property.

14. PM. Particulate matter.

15. Particulate matter. Total particulate matter including coarse PM10 or larger and fine PM2.5, as defined in Minn. R. 7005.0100.

16. Pellets. Refined and densified wood shaped into small pellets or briquettes that are uniform in size, shape, moisture, density and energy content.

17. Permit. An official document or certificate issued by the City of Whalan which authorizes performance of a specified activity under specified conditions.

18. Person. An individual, partnership, corporation, company, or other association.

19. Prohibited fuels. Animal carcasses; asphalt products; coal; chemicals; composition board; construction and demolition debris; food wastes; furniture; garbage; glossy or colored papers; hazardous solid waste; industrial solid waste; lawn clippings, yard waste or other vegetative matter; manure; materials containing plastic; materials containing synthetic or natural rubber; newsprint; packaging; paints and paint thinners; pallets; particleboard; plywood; sheetrock; tires; petroleum products of any kind; wiring; wood products that are painted, varnished, or treated with preservatives, and any wood that does not fit the definition of clean wood.

20. Rain cap. A protective cover installed at the top of a chimney stack for the purpose of preventing rain from entering the stack. A spark arrester with a solid cap that is capable of slowing the exit velocity of combustion byproducts is a rain cap.

21. Setback. The distance measured from a property boundary or structure to the nearest edge of the center of the SFHD or to the nearest edge of a structure housing an SFHD. 22. SFHD. A Solid Fuel-Fired Heating Device, also known as a solid fuel-fired heating appliance.

22. Solid. A material that has a melting point, decomposes, or sublimates at a temperature greater than 68° Fahrenheit (20° Celsius).

23. Solid Fuel-Fired Heating Device (SFHD). A solid fuel-burning device manufactured or used to burn wood and designed to create heat on a continual basis, by sending heat through water, antifreeze or steam into interconnected piping. An SFHD may also be called by other names, such as: outdoor wood furnace; outdoor wood boiler; outdoor wood burner; closed combustion solid-fuel-burning appliance; accessory boiler; alternative fuel-burning device; or outdoor wood-fired hydronic heater.

24. Spark arrester. Any device which prevents the emission of flammable debris from SFHDs, fireplaces, and wood burning stoves.

D. PERSONS AND EQUIPMENT COVERED BY THIS ORDINANCE.

1. Persons covered. Any person who installs, operates, or owns an outdoor SFHD must comply with the provisions in this ordinance.

2. Types of fuels used by SFHDs covered in this ordinance. The provisions of this ordinance apply to SFHDs that are manufactured or used to burn any of the following:

a. Wood; or

b. Wood pellets; or

- c. Corn; or
- d. Wood and another fuel (a dual-fuel SFHD).

3. SFHD equipment covered. The provisions of this ordinance apply to all outdoor SFHDs, whether a primary, supplemental, residential, or commercial/industrial heat source, which include the following components:

- a. SFHDs and their piping, chimney stacks, flues, and/or fans; and
- b. Any other equipment, device, appliance or apparatus, or parts thereof, which are intended to be used as part of an SFHD.

4. Surrounding structure is covered. Any accessory structure designed to surround the SFHD must meet the provisions of this ordinance. Accessory structures are also regulated by the City of Whalan's zoning and subdivision ordinances.

E. EQUIPMENT AND ACTIVITIES NOT COVERED BY THIS ORDINANCE. This ordinance does not apply to:

1. Outdoor grills. Outdoor devices, equipment, appliance and/or apparatus used to grill or cook food using charcoal, wood, propane, or natural gas;

2. Fireplaces. Natural gas-fired fireplaces or traditional wood-burning fireplaces in the interior of a residential dwelling;

3. Non-SFHD heaters. Indoor heating devices which are not SFHDs, such as wood stoves;

4. Liquid fuel devices. Industrial gas or liquid petroleum fuel devices used on site of temporary construction, demolition, or maintenance activities;

5. Recreational fires. Recreational fires within the limits set by the Minnesota State Fire Code (Minn. R. 7511.0307) and campfires as defined in Minn. Stat. Chapter 88.01 Subp. 25;

6. Fire training and open burning sites. Fire training or permanent tree and brush open burning sites permitted under Minn. Stat. Chapter 88.17 Subp. 3;

7. Forced air furnaces. Forced air furnaces designed to burn fuel that warms spaces other than the space where the furnace is located, by the distribution of air heated by the furnace through ducts; and

8. Masonry heaters. Masonry heaters, either site built or factory built devices, in which the heat from intermittent fires burned rapidly in the firebox is stored in the refractory mass for slow release to building spaces. Masonry heaters typically have a firebox and heat exchange channels built from refractory components, through which flue gases are routed.

F. EFFECT OF A COURT HOLDING.

1. Severability. If a court holds that any portion of this ordinance is unconstitutional, inoperative or void, that holding will not affect the remaining portions of this ordinance.

2. Applicability. If a court holds that any portion of this ordinance does not apply to any person, group of persons, property or kind of property, or circumstances or set of circumstances, that holding will not affect the application of this ordinance to any other person, property or circumstance.

3. Intent remains. The intent of the City of Whalan in adopting this ordinance will remain in effect for all portions and all circumstances of this ordinance not affected by a court holding.

G. INCORPORATION OF DOCUMENTS BY REFERENCE. This ordinance sometimes references emissions standards, emission levels, or requirements in other documents or other laws created and maintained by other entities. When referenced in this ordinance, the requirements in the referenced document or law will become a requirement of this ordinance (as provided for cities and towns under Minn. Stat. § 471.62). The referenced document or law may be revised in the future by the entity that created and maintains the document or law. Any such revisions will also become a requirement of this ordinance.

II. EXISTING SFHDS TO BECOME NONCONFORMING

A. **EXISTING MODELS WHICH DO NOT MEET THE NSPS.** Because of their higher emissions, any existing SFHD model which the EPA has not approved as meeting the NSPS, is classified as a legal nonconforming land use.

B. **REMOVAL WHEN USEFUL LIFE ELAPSES.** When the use of a nonconforming existing SFHD is discontinued for a period of more than one year, it must be immediately removed from the property by the property owner and not installed elsewhere in the City of Whalan.

C. **REMOVAL AFTER DESTRUCTION BY FIRE OR OTHER PERIL.** If any nonconforming existing SFHD is destroyed by fire or other peril to the extent of greater than 50% of its market value, and no building permit has been applied for within 180 days of when the property is damaged, the SFHD may only be replaced by a conforming SFHD.

D. **NO EXTENSION, ENLARGEMENT, OR EXPANSION.** No existing legal nonconforming SFHD shall be extended, enlarged, or expanded after the date of effectiveness of this ordinance.

E. **RELOCATION PROHIBITED.** An existing legal nonconforming SFHD shall not be relocated to another parcel in the City of Whalan if that parcel has a different property description than the site on which the nonconforming SFHD was located on the effective date of this ordinance.

F. **COMPLIANCE REQUIREMENTS.** Any existing legal nonconforming SFHD shall immediately comply with all manufacturer's requirements, appropriate fuel requirements, and smoke stack height requirements as outlined in this ordinance. Any person having installed a SFHD without a permit must obtain a permit and conform to the manufacturer's requirements, appropriate fuel requirements, and smoke stack height requirements of this ordinance by December 1, 2021.

III. REQUIREMENTS FOR NEW AND EXISTING SFHDS

New and Existing SFHDS must meet all of the following requirements:

A. **FUEL.** Only wood, wood pellets, or corn burning SFHDS are permitted. Dual fuel SFHDS are prohibited. Wood used as fuel in a SFHD must meet the following requirements:

1. Wood fuel must conform to the definition of clean wood as outlined in this ordinance.
2. Only dry wood with a moisture content of less than 20% shall be burned in the SFHD.

B. **SETBACK AND CHIMNEY STACK HEIGHT.** New SFHDS, when installed, and Existing SFHDS must meet the following requirements:

1. The chimney stack must not have a rain cap installed.
2. The chimney stack shall be designed, constructed, and maintained to withstand horizontal wind pressures of not less than 30 pounds per square feet or in accordance with the manufacturer's specifications, whichever is most restrictive.
3. Chimney stacks must be constructed of masonry or insulated metal with a minimum six-inch flue.
4. The minimum exit height of the chimney stack shall conform to the SFHD manufacturer's specifications or shall extend at least 25 feet above the ground or shall extend at least 2 feet above height of the peak roof line of residences not served by the SFHD within 300 feet, whichever is most restrictive.

New SFHDS must, also, meet all of the following additional requirements:

A. **NSPS.** New SFHDS must meet the NSPS requirements for certification, installation, operation, and maintenance.

B. **MINNESOTA CODES.** New SFHDS must meet the most restrictive of applicable chimney stack height and design, and setback requirements found in the state of Minnesota Building, Mechanical, or Fire Code.

C. **ADDITIONAL SETBACK REQUIREMENTS.** New SFHDS, when installed, must meet the following additional requirements:

1. No SFHD shall be located in a front or street facing yard. SFHDS may only be installed in a side or rear yard of the principal structure served by the appliance.

2. The minimum setback of the SFHD from the buildings served by the appliance shall be per the manufacturer's installation instructions.

3. The minimum setback of the SFHD from the nearest property line must conform to the SFHD manufacturer's specifications or be 100 feet from the nearest property line or be 200 feet from the nearest primary residence not served by the SFHD, whichever is most restrictive.

4. No person may install, use or operate a SFHD on a parcel less than four acres in size.

IV. INTERIM USE ZONING PERMIT REQUIRED FOR NEW SFHDs

An interim use zoning permit or certificate is required from the City of Whalan before the start of construction and installation of a new SFHD. The City of Whalan may combine this interim use zoning permit with a building or operational permit, or certificate, on forms provided by the City of Whalan. Failure to submit an application for the permit is a violation of this ordinance. Violation of the permit terms is grounds for the City of Whalan to terminate the permit and take additional enforcement actions.

A. PURPOSE OF PERMIT FOR NEW SFHDs. The purpose of the interim use permit/certificate is to ensure that setback locations and chimney stack heights for a new SFHD meet all requirements of the City of Whalan's ordinance and new SFHDs meet federal equipment performance regulations. Requirements for the permit application are listed in Section V.

B. REQUIREMENTS OF ZONING DISTRICT. This permit must contain a condition that the SFHD be operated in a manner in compliance with requirements of the zoning district in which it operates, and within the requirements of Section II.

C. PERMIT APPLICATION FEE REQUIREMENTS. The initial application must be submitted by the owner of the land on which the SFHD is proposed with an application fee at the same time. The amount of the application fee can be found in the City of Whalan's Fee Schedule and may change periodically.

V. MINIMUM APPLICATION INFORMATION FOR NEW SFHDs

Prior to the start of building or installation of a new SFHD, a zoning permit/certificate application must be submitted to the City of Whalan on a form provided by it, containing the information requested directly below. The City of Whalan shall review the information and issue a preliminary decision within the time limits set forth in Minn. Stat. § 15.99. Failure to obtain the permit and build, install, or operate without an issued permit, is a violation of this code. The information required is:

A. Contact information. Name, address, and phone number of property owner;

B. Legal description. A legal description of the property prepared by a registered land surveyor or from the county property tax bill;

C. Site plan. A site plan or survey illustrating the dimensions of the property, including:

1. Location and identification of buildings on the site. Location and identification of buildings on the site on which the SFHD will be located;

2. Location and identification of adjacent buildings. Location and identification of buildings and the nearest residences on adjacent properties;

3. Location of the SFHD. Location of the SFHD sufficient to establish exterior boundaries of the SFHD unit or any enclosing accessory structure required by the City of Whalan code/ordinance for SFHDs;

4. Information on manufacturer and specifications. SFHD manufacturer, model number, date manufactured, specifications for installation, operation, and maintenance, enough information to determine whether the SFHD meets the specifications, and documentation that appliance meets EPA emission standards;

5. Modifications. Description of any modifications to the SFHD since date of manufacture;

6. Chimney construction. Chimney stack materials and height;

7. Building and fire code compliance. Evidence that the SFHD meets applicable building code and fire code requirements;

8. Safety standard compliance. Evidence that the SFHD meets safety standards issued by the Underwriters Laboratories (UL), American National Standards Institute (ANSI), or Canadian Standards Association (CSA) listing;

9. Proposed dates of operation. The proposed dates of operation, limited to dates in the heating degree day season, each year; and

VI. COMPLIANCE REQUIREMENTS FOR LANDOWNERS OF SFHD SITES

Any landowner on which an SFHD is located or proposed to be located must comply with all applicable laws, regulations, rules, ordinances, codes, and permit conditions of the City of Whalan or other levels of government concerning building, construction, installation, or zoning of any SFHD.

VII. ENFORCEMENT

A. RIGHT OF ENFORCEMENT. The City of Whalan's code official is authorized to enforce the provisions of this ordinance, render interpretations of this code, and adopt policies, procedures, rules and regulations in order to clarify the ordinance provisions. Such interpretations, policies, rules and regulations must comply with the intent and purpose of this Code and not have the effect of waiving requirements specifically provided for in this Code. A representative of a local or community board of health may also enforce this provision according to its general authority to inspect nuisance conditions granted under Minn. Stat. § 145A.04, subd. 7 and subd. 10.

B. RIGHT OF ENTRY. The code official is authorized to enter the property on which the SFHD is located to inspect or perform the duties if the code official makes an inspection to enforce the provisions of this code, or has reasonable cause to believe that an SFHD on a premise is violating this ordinance, imposed by this code. The code official must present credentials and request entry to the property. If entry to the property is refused, the code officials can use every legal remedy to secure entry.

C. RIGHT OF INSPECTION. The City of Whalan's code official designated to review applications and issue permits regulated by this code, can inspect the SFHD for which the permits have been issued, to enforce compliance with the provisions of this code not already regulated by the Minnesota building, mechanical, and fire codes.

D. PROCEDURE FOR PERMIT REVOCATION. If the City of Whalan determines that an SFHD on a premise is violating the requirements of any individual or combined certificate or permit issued by the City of Whalan, the City of Whalan can revoke the certificate or permit after a hearing is held by the governing body, upon 30 days' written notice given to the permit holder, landowner, or operator.

VIII. PENALTIES

A. ADMINISTRATIVE PENALTY. Upon being made aware of a violation of any provision of this ordinance, the City Clerk for The City of Whalan shall issue a written notice of violation to the landowner in violation of said provision via a certified letter. The landowner must remedy the violation within 30 days of receipt of the written notice of violation. If the violation is not remedied within 30 days of receipt of the written notice, the landowner shall be fined \$150.00 on day 31. The landowner shall be fined an additional \$10.00 for each day that the violation remains after day 31. At its sole discretion, the City of Whalan may seek injunctive or other forms of relief to obtain compliance with this code if the application of the administrative penalty does not produce a halting of the zoning violation.

' 92.99 PENALTY.

Violation of any provision of this chapter, including maintaining a nuisance after being notified in writing by first class mail of a violation of any provision of this chapter, shall be a misdemeanor and punished as provided in ' 10.99

CHAPTER 93: STREETS AND SIDEWALKS

Section

General Provisions

- 93.01 Unloading on street or sidewalk
- 93.02 Street and sidewalk obstruction
- 93.03 Materials on street or sidewalk

Right-Of-Way Construction Regulations

- 93.20 Election to manage the public right-of-way
- 93.21 Definitions and adoption of rules by reference
- 93.22 Permit requirement
- 93.23 Permit applications
- 93.24 Issuance of permit; conditions
- 93.25 Permit fees
- 93.26 Right-of-way patching and restoration
- 93.27 Permit limitations
- 93.28 Timeline for action on permit applications
- 93.29 Installation requirements
- 93.30 Inspection
- 93.31 Work done without a permit
- 93.32 Supplementary notification
- 93.33 Revocation of permits
- 93.34 Mapping data; information required
- 93.35 Location of facilities
- 93.36 Damage to other facilities
- 93.37 Right-of-way vacation
- 93.38 Indemnification and liability
- 93.39 Abandoned facilities; removal of abandoned facilities
- 93.40 Appeal
- 93.41 Reservation of regulatory and police powers

Cross-reference:

Assessable current services, see ' 92.01

GENERAL PROVISIONS

' 93.01 UNLOADING ON STREET OR SIDEWALK.

No person shall unload any heavy material in the streets of the city by throwing or letting the material fall upon the pavement of any street, alley, sidewalk, or other public way, without first placing some sufficient protection over the pavement.

Penalty, see ' 10.99

' 93.02 STREET AND SIDEWALK OBSTRUCTION.

No person shall obstruct any street, alley, sidewalk, or other public way within the city by erecting thereon any fence or building, or permitting any fence or building to remain thereon. Each day that any fence or building is permitted to remain upon the public way shall constitute a separate offense.

Penalty, see ' 10.99

' 93.03 MATERIALS ON STREET OR SIDEWALK.

(A) No person shall encumber any street, sidewalk, or right-of-way. No owner, occupant, or person having the care of any building or lot of land, bordering on any street, sidewalk, or right-of-way shall permit it to be encumbered with barrels, boxes, cans, articles, or substances of any kind, so as to interfere with the free and unobstructed use thereof.

(B) Except for the actions of the city employees and contractors carrying out their duties, no person shall:

- (1) Obstruct any street or sidewalk by depositing snow or ice thereon;
- (2) Dig any holes in any street, sidewalk or right-of-way;
- (3) Remove any earth, gravel, or rock from any street, sidewalk or right-of-way;
- (4) Obstruct any ditch draining any street or drain any noisome materials into any ditch;

(5) Deface, mar, damage, or tamper with any structure, work, material, equipment, tools, signs, markers, signals, paving, guardrails, drains or any other highway appurtenance on or along any street, sidewalk or right-of-way.

(6) Remove, injure, displace, or destroy right-of-way markers, or reference or witness monuments, or markers placed to preserve section or quarter-section corners;

(7) Drive over, through, or around any barricade, fence, or obstruction erected for the purpose of preventing traffic from passing over a portion of a street or sidewalk closed to public travel or to remove, deface, or damage any such barricade, fence or obstruction.

Penalty, see ' 10.99

RIGHT-OF-WAY CONSTRUCTION REGULATIONS

' 93.20 ELECTION TO MANAGE THE PUBLIC RIGHT-OF-WAY.

In accordance with the authority granted to the city under state and federal statutory, administrative, and common law, the city hereby elects pursuant to this chapter to manage rights-of-ways within its jurisdiction.

' 93.21 DEFINITIONS AND ADOPTION OF RULES BY REFERENCE.

Minn. Rules Ch. 7819, as it may be amended from time to time, is hereby adopted by reference and is incorporated into this code as if set out in full. The definitions included in M.S. ' 237.162, Minn. Rules 7819.0100 subs. 1 through 23, and Minn. Rules 7560.0100 subs. 1 through 12 are hereby adopted by reference and are incorporated into this chapter as if set out in full.

' 93.22 PERMIT REQUIREMENT.

(A) *Permit required.* Except as otherwise provided in this code, no person may obstruct or excavate any right-of-way without first having obtained the appropriate permit from the city.

(1) *Excavation permit.* An excavation permit is required to excavate that part of the right-of-way described in the permit and to hinder free and open passage over the specified portion of the right-of-way by placing facilities described therein, to the extent and for the duration specified therein.

(2) *Obstruction permit.* An obstruction permit is required to hinder free and open passage over the specified portion of right-of-way by placing equipment described therein on the right-of-way, to the extent and for the duration specified therein. An obstruction permit is not required if a person already possesses a valid excavation permit for the same project.

(3) *Small Wireless Facility Permit.* A small wireless facility permit is required to place a new wireless support structure (collocate) in the right-of-way, with the exception that a permit is not required for the installation, placement, maintenance, operation, or replacement of micro wireless facilities suspended on cables strung between existing utility poles in compliance with national safety codes.

(4) *Small Wireless Special or Conditional Land Use Permit.* A special or conditional land use permit is required to install a new wireless support structure in a right-of-way where the underlying district or area is zoned for single-family residential use or is in a historic district established by federal or state law or city ordinance.

(B) *Permit extensions.* No person may excavate or obstruct the right-of-way beyond the date or dates specified in the permit unless the person makes a supplementary application for another right-of-way permit before the expiration of the initial permit, and a new permit or permit extension is granted.

(C) *Delay penalty.* In accordance with Minn. Rules part 7819.1000 subp. 3, as it may be amended from time to time and notwithstanding division (B) of this section, the city shall establish and impose a delay penalty for unreasonable delays in right-of-way excavation, obstruction, patching, or restoration. The delay penalty shall be established from time to time by the Ordinance Establishing Fees and Charges, adopted pursuant to ' 30.11 of this code, as it may be amended from time to time.

(D) *Permit display.* Permits issued under this subchapter shall be conspicuously displayed or otherwise available at all times at the indicated work site and shall be available for inspection by the city. Penalty, see ' 10.99

' 93.23 PERMIT APPLICATIONS.

Application for a permit shall contain, and will be considered complete only upon compliance with the requirements of the following provisions:

(A) Submission of a completed permit application form, including all required attachments, scaled drawings showing the location and area of the proposed project and the location of all known existing and proposed facilities, and the following information:

(1) Each permittee's name, gopher one-call registration certificate number, address and e-mail address if applicable, and telephone and facsimile numbers.

(2) The name, address and email address, if applicable, and telephone and facsimile numbers of a local representative. The local representative or designee shall be available at all times. Current information regarding how to contact the local representative in an emergency shall be provided at the time of registration.

(3) A certificate of insurance or self-insurance:

(a) Verifying that an insurance policy has been issued to the registrant by an insurance company licensed to do business in the state, or a form of self-insurance acceptable to the city;

(b) Verifying that the registrant is insured against claims for personal injury, including death, as well as claims for property damage arising out of the use and occupancy of the right-of-way by the registrant, its officers, agents, employees, and permittees, and placement and use of facilities and equipment in the right-of-way by the registrant, its officers, agents, employees, and permittees, including, but not limited to, protection against liability arising from completed operations, damage of underground facilities, and collapse of property;

(c) Naming the city as an additional insured as to whom the coverages required herein are in force and applicable and for whom defense will be provided as to all coverages;

(d) Requiring that the city be notified 30 days in advance of cancellation of the policy or material modification of a coverage term;

(e) Indicating comprehensive liability coverage, automobile liability coverage, workers compensation and umbrella coverage established by the city in amounts sufficient to protect the city and the public and to carry out the purposes and policies of this chapter.

(4) The city may require a copy of the actual insurance policies.

(5) If the person is a corporation, a copy of the certificate of incorporation issued by the Secretary of State pursuant to M.S. ' 302A.155.

(6) A copy of the person's order granting a certificate of authority from the Minnesota Public Utilities Commission or other applicable state or federal agency, where the person is lawfully required to have the certificate from the Commission or other state or federal agency.

(B) A Small Wireless Facility Permit applicant may file a consolidated Small Wireless Permit Application to collocate up to 15 small wireless facilities provided that all the small wireless facilities in the application:

- (1) Are located within a two-mile radius;
- (2) Consist of substantially similar equipment; and
- (3) Are to be placed on similar types of wireless support structures.

(C) Payment of money due the city for:

(1) Permit fees as established by the Ordinance Establishing Fees and Charges adopted pursuant to ' 30.11 of this code, as that ordinance may be amended from time to time, estimated restoration costs and other management costs including inspections;

(2) Prior obstructions or excavations;

(3) Any undisputed loss, damage, or expense suffered by the city because of the applicant's prior excavations or obstructions of the rights-of-way or any emergency actions taken by the city; or

(4) Franchise fees or other charges as established by the Ordinance Establishing Fees and Charges adopted pursuant to ' 30.11 of this code, as that ordinance may be amended from time to time, if applicable.

' 93.24 ISSUANCE OF PERMIT; CONDITIONS.

(A) *Permit issuance.* If the applicant has satisfied the requirements of this chapter, the city shall issue a permit.

(B) *Conditions.* The city may impose reasonable conditions upon the issuance of the permit and the performance of the applicant thereunder to protect the health, safety, and welfare or when necessary to protect the right-of-way and its current use. In addition, a permittee shall comply with all requirements of local, state and federal laws, including but not limited to M.S. ' 216D.01 - 09 (Gopher One Call Excavation Notice System) and Minn. Rules Ch. 7560.

(C) *Additional Small Wireless Facility Conditions.* In addition to subdivision 2, the erection or installation of a wireless support structure, or the collocation of a small wireless facility, shall be subject to the following conditions:

- (1) A small wireless facility shall only be collocated on the particular wireless support

structure, under those attachment specifications, and at the height indicated in the applicable permit application.

(2) No new wireless support structure installed within the right-of-way shall exceed 50 feet in height without the city's written authorization, and further provided that an applicant may replace an existing wireless support structure exceeding 50 feet in height with a structure of the same height subject to such conditions or requirements as may be imposed in the applicable permit.

(3) No wireless facility may extend more than 10 feet above its wireless support structure.

(4) Where an applicant proposes to install a new wireless support structure in the right-of-way, the city may impose separation requirements between such support structures and any existing wireless support structure or other facilities in and around the right-of-way.

(5) Where an applicant proposes collocation on a decorative wireless support structure, sign or other structure not intended to support small wireless facilities, the city may impose reasonable requirements to accommodate the particular design, appearance or intended purpose of such structure.

(6) Where an applicant proposes to replace a wireless support structure, the city may impose reasonable restocking, replacement, or relocation requirements on the replacement of such structure.

(7) The execution of a Small Wireless Facility Collocation Agreement that incorporates any additional terms and conditions mutually agreed upon by the city and the applicant. A small wireless facility collocation agreement is considered public data not on individuals and is accessible to the public under section 13.03. Issuance of a small wireless facility permit does not supersede, alter or affect any then-existing agreement between the city and applicant.

(D) Payment of Rent.

(1) For collocations of small wireless facilities, the city can, either in its permit or in a standard collocation agreement, require annual rental payments for the small wireless collocations of up to:

- (a) \$150 per year for rent to collocate on the city structure.
- (b) \$25 per year for maintenance associated with the collocation.
- (c) A monthly fee for electrical service as follows:
 - 1. \$73 per radio node less than or equal to 100 maximum watts;
 - 2. \$182 per radio node over 100 maximum watts; or
 - 3. The actual cost of electricity if the actual cost exceeds the foregoing.

(2) For collocations or placements, other than of small wireless facilities, the city can charge a mutually agreed upon rent reached between the city and the applicant.

(E) Trenchless excavation. As a condition of all applicable permits, permittees employing

trenchless excavation methods, including but not limited to Horizontal Directional Drilling, shall follow all requirements set forth in M.S. Ch. 216D and Minn. Rules Ch. 7560, and shall require potholing or open cutting over existing underground utilities before excavating, as determined by the city.

' 93.25 PERMIT FEES.

Permit fees shall be in an amount established in the Ordinance Establishing Fees and Charges, adopted pursuant to ' 30.11, as it may be amended from time to time.

(A) *Excavation permit fee.* The city shall establish an excavation permit fee as established by the Ordinance Establishing Fees and Charges adopted pursuant to ' 30.11 of this code, as that ordinance may be amended from time to time, in an amount sufficient to recover the following costs:

- (1) The city management costs; and
- (2) Degradation costs, if applicable.

(B) *Obstruction Permit Fee.* The city shall establish the obstruction permit fee as established by the Ordinance Establishing Fees and Charges adopted pursuant to ' 30.11 of this code, as that ordinance may be amended from time to time, and shall be in an amount sufficient to recover the city management costs.

(C) *Small Wireless Facility Permit Fee.*

(1) The city shall impose a one-time small wireless facility permit fee at the time of approval of the collocation application in an amount sufficient to recover:

- (a) Management costs;
- (b) Restoration costs or degradation fee, if applicable,
- (c) Inspection fees, if applicable,

(d) City engineering, make-ready, and construction costs associated with collocation of small wireless facilities.

(2) The city will not impose a small wireless facility permit fee for any of the following activities:

(a) Routine maintenance of a small wireless facility;

(b) Replacement of a small wireless facility with a new facility that is substantially similar or smaller in size, weight, height, and wind or structural loading than the small wireless facility being replaced; or

(c) Installation, placement, maintenance, operation, or replacement of micro wireless facilities that are suspended on cables strung between existing utility poles in compliance with national safety codes

(D) *Payment of permit fees.* No excavation permit or obstruction permit shall be issued without payment of excavation or obstruction permit fees. The city may allow applicant to pay those fees within 30 days of billing.

(E) *Non-refundable.* Permit fees as established by the Ordinance Establishing Fees and Charges adopted pursuant to ' 30.11 of this code, as that ordinance may be amended from time to time, that were paid for a permit that the city has revoked for a breach as stated in ' 93.33 are not refundable.

(F) *Application to franchises.* Unless otherwise agreed to in a franchise, management costs may be charged separately from and in addition to the franchise fees imposed on a right-of-way user in the franchise.

(G) All permit fees shall be established consistent with the provisions of Minn. Rules part 7819.1000, as it may be amended from time to time.
Penalty, see ' 10.99

' 93.26 RIGHT-OF-WAY PATCHING AND RESTORATION.

(A) *Timing.* The work to be done under the excavation permit, and the patching and restoration of the right-of-way as required herein, must be completed within the dates specified in the permit, increased by as many days as work could not be done because of circumstances beyond the control of the permittee or when work was prohibited as unseasonal or unreasonable under this subchapter.

(B) *Patch and restoration.* The permittee shall patch its own work. The city may choose either to have the permittee restore the right-of-way or to restore the right-of-way itself.

(1) *City restoration.* If the city restores the right-of-way, the permittee shall pay the costs thereof within 30 days of billing. If following the restoration, the pavement settles due to the permittee's improper backfilling, the permittee shall pay to the city, within 30 days of billing, all costs associated with having to correct the defective work.

(2) *Permittee restoration.* If the permittee restores the right-of-way itself, it may be required at the time of application for an excavation permit to post a construction performance bond or a deposit in accordance with the provisions of Minn. Rules part 7819.3000, as it may be amended from time to time.

(C) *Standards.* The permittee shall perform patching and restoration according to the standards and with the materials specified by the city and shall comply with Minn. Rules part 7819.1100, as it may be amended from time to time. The city shall have the authority to prescribe the manner and extent of the restoration, and may do so in written procedures of general application or on a case-by-case basis.

(D) *Duty to correct defects.* The permittee shall correct defects in patching, or restoration performed by the permittee or its agents. The permittee upon notification from the Clerk, Utilities Superintendent or other person designated by the Council, shall correct all restoration work to the extent necessary, using the method required by the Clerk, Utilities Superintendent or other person designated by the Council. The work shall be completed within five calendar days of the receipt of the notice from the Clerk, Utilities Superintendent or other person designated by the Council, not including days during which work cannot be done because of circumstances constituting force majeure or days when work is prohibited as unseasonal or unreasonable under this subchapter.

(E) *Failure to restore.* If the permittee fails to restore the right-of-way in the manner and to the condition required by the city, or fails to satisfactorily and timely complete all restoration required by the city, the city may do the work. In that event the permittee shall pay to the city, within 30 days of billing, the cost of restoring the right-of-way. If the permittee fails to pay as required, the city may exercise its rights under the construction performance bond.

(F) *Degradation fee in lieu of restoration.* In lieu of right-of-way restoration, a right-of-way user may elect to pay a degradation fee as established by the Ordinance Establishing Fees and Charges adopted pursuant to ' 30.11 of this code, as that ordinance may be amended from time to time. However, the right-of-way user shall remain responsible for patching and the degradation fee shall not include the cost to accomplish these responsibilities.

' 93.27 PERMIT LIMITATIONS.

(A) *Limitation on area.* A right-of-way permit is valid only for the area of the right-of-way specified in the permit. No permittee may do any work outside the area specified in the permit, except as provided herein. Any permittee which determines that an area greater than that specified in the permit must be obstructed or excavated must before working in that greater area make application for a permit extension and pay any additional fees required thereby, and be granted a new permit or permit extension.

(B) *Obstruction from Small Wireless Facility Work.* The city will not require an additional small wireless facility permit fee or require a new collocation agreement for routine maintenance of a small wireless facility, for replacement of a small wireless facility with a new facility that is substantially similar or smaller in size, weight, height, and wind or structural loading than the small wireless facility being replaced; or for installation, placement, maintenance, operation, or replacement of micro wireless facilities that are suspended on cables strung between existing utility poles in compliance with national safety codes. The city may require advance notification, however, of these activities if the work will obstruct the public right-of-way.

(C) *Limitation on dates.* A right-of-way permit is valid only for the dates specified in the permit. No permittee may begin its work before the permit start date or, except as provided herein, continue working after the end date. If a permittee does not finish the work by the permit end date, it must apply for a new permit for the additional time it needs, and receive the new permit or an extension of the old permit before working after the end date of the previous permit. This supplementary application must be submitted before the permit end date.

' 93.28 TIMELINE FOR ACTION ON PERMIT APPLICATIONS.

(A) *Denial in General.* The city may deny a permit for failure to meet the requirements and conditions of this chapter or if the city determines that the denial is necessary to protect the health, safety, and welfare or when necessary to protect the right-of-way and its current use.

(B) *Procedure for Denial on Permits other than Small Wireless Facilities Permits.* The denial of a permit must be made in writing and must document the basis for the denial. The city must notify the applicant or right-of-way user in writing within three business days of the decision to deny a permit. If an application is denied, the right-of-way user may address the reasons for denial identified by the city and resubmit its application. If the application is resubmitted within 30 days of receipt of

the notice of denial, no additional application fee shall be imposed. The city must approve or deny the resubmitted application within 30 days after submission.

(C) *Procedure for Denial on Small Wireless Facilities Permits.* The city shall approve or deny a small wireless facility permit application within 90 days after filing of such application, unless the collocation is on a support structure that already qualifies as an existing wireless tower or base station under Section 6409(a), codified at 47 U.S.C. 1455(a), which, in those instances, the city shall approve or deny the small wireless facility permit within 60 days. The small wireless facility permit, and any associated building permit application, shall be deemed approved if the city fails to approve or deny the application within the review periods established in this section.

(D) *Tolling of Deadline on Small Wireless Facility Permit.* The deadline for action on a small wireless facility permit application may be tolled if:

(1) The city receives applications from one or more applicants seeking approval of permits for more than 30 small wireless facilities within a seven-day period. In such case, the city may extend the deadline for all such applications by 30 days and shall inform the affected applicant in writing of such extension.

(2) The applicant fails to submit all required documents or information and the city provides written notice of incompleteness to the applicant within 30 days of receipt the application. Upon submission of additional documents or information, the city shall have ten days to notify the applicant in writing of any still-missing information.

(3) The city and a small wireless facility applicant agree in writing to toll the review period.

' 93.29 INSTALLATION REQUIREMENTS.

The excavation, backfilling, patching and restoration, and all other work performed in the right-of-way shall be done in conformance with Minn. Rules part 7819.1100, as it may be amended from time to time and other applicable local requirements, in so far as they are not inconsistent with M.S. " 237.162 and 237.163, as they may be amended from time to time.

' 93.30 INSPECTION.

(A) *Notice of completion.* When the work under any permit hereunder is completed, the permittee shall furnish a completion certificate in accordance with Minn. Rules part 7819.1300, as it may be amended from time to time.

(B) *Site inspection.* The permittee shall make the work-site available to city personnel and to all others as authorized by law for inspection at all reasonable times during the execution of and upon completion of the work.

(C) *Authority of the City.*

(1) At the time of inspection, the Clerk, Utilities Superintendent or other person designated by the Council may order the immediate cessation of any work which poses a serious threat to the life, health, safety, or well-being of the public.

(2) The city may issue an order to the permittee for any work which does not conform to the terms of the permit or other applicable standards, conditions, or codes. The order shall state that failure to correct the violation will be cause for revocation of the permit. Within ten days after issuance of the order, the permittee shall present proof to the city that the violation has been corrected. If proof has not been presented within the required time, the city may revoke the permit pursuant to ' 93.33.

' 93.31 WORK DONE WITHOUT A PERMIT.

(A) Emergency situations.

(1) Each person with facilities in the right-of-way shall immediately notify the city of any event regarding its facilities which it considers to be an emergency. The owner of the facilities may proceed to take whatever actions are necessary to respond to the emergency. Within two business days after the occurrence of the emergency, the owner shall apply for the necessary permits, pay the fees associated therewith and fulfill the rest of the requirements necessary to bring itself into compliance with this chapter for the actions it took in response to the emergency.

(2) If the city becomes aware of an emergency regarding facilities, the city will attempt to contact the local representative of each facility owner affected, or potentially affected, by the emergency. In any event, the city may take whatever action it deems necessary to respond to the emergency, the cost of which shall be borne by the person whose facilities occasioned the emergency.

(B) Non-emergency situations. Except in an emergency, any person who, without first having obtained the necessary permit, obstructs or excavates a right-of-way must subsequently obtain a permit, and as a penalty pay double the normal fee for the permit, pay double all the other fees required by this code, deposit with the city the fees necessary to correct any damage to the right-of-way and comply with all of the requirements of this chapter.

' 93.32 SUPPLEMENTARY NOTIFICATION.

If the obstruction or excavation of the right-of-way begins later or ends sooner than the date given on the permit, the permittee shall notify the city of the accurate information as soon as this information is known.

' 93.33 REVOCATION OF PERMITS.

(A) Substantial breach. The city reserves its right, as provided herein, to revoke any right-of-way permit, without a fee refund if there is a substantial breach of the terms and conditions of any statute, ordinance, rule or regulation, or any material condition of the permit. A substantial breach by the permittee shall include, but shall not be limited, to the following:

(1) The violation of any material provision of the right-of-way permit;

(2) An evasion or attempt to evade any material provision of the right-of-way permit, or the perpetration or attempt to perpetrate any fraud or deceit upon the city or its citizens;

(3) Any material misrepresentation of fact in the application for a right-of-way permit;

(4) The failure to complete the work in a timely manner; unless a permit extension is obtained or unless the failure to complete work is due to reasons beyond the permittees control; or

(5) The failure to correct, in a timely manner, work that does not conform to a condition indicated on an order issued pursuant to ' 93.30.

(B) *Written notice of breach.* If the city determines that the permittee has committed a substantial breach of a term or condition of any statute, ordinance, rule, regulation or any condition of the permit the city shall make a written demand upon the permittee to remedy that violation. The demand shall state that continued violations may be cause for revocation of the permit. A substantial breach, as stated above, will allow the city, at its discretion, to place additional or revised conditions on the permit to mitigate and remedy the breach.

(C) *Response to notice of breach.* Within 24 hours of receiving notification of the breach, the permittee shall provide the city with a plan, acceptable to the city, that will cure the breach. The permittee's failure to so contact the city, or the permittee's failure to submit an acceptable plan, or the permittee's failure to reasonably implement the approved plan, shall be cause for immediate revocation of the permit.

(D) *Reimbursement of city costs.* If a permit is revoked, the permittee shall also reimburse the city for the city's reasonable costs, including restoration costs and the costs of collection and reasonable attorneys' fees incurred in connection with the revocation.

' 93.34 MAPPING DATA; INFORMATION REQUIRED.

(A) *Information required.* Each permittee shall provide mapping information required by the city in accordance with Minn. Rules parts 7819.4000 and 7819.4100, as it may be amended from time to time.

(B) *Service laterals.* All permits issued for the installation or repair of service laterals, other than minor repairs as defined in Minn. Rules 7560.0150, Subp. 2, shall require the permittee's use of appropriate means of establishing the horizontal locations of installed service laterals, and the service lateral vertical locations in those cases where the city reasonably requires it. Permittees or other subcontractors shall submit to the city evidence of the installed service lateral locations. Compliance with this division (B) and with applicable Gopher State One Call law and Minn. Rules governing service laterals installed after December 31, 2005, shall be a condition of any city approval necessary for:

(1) Payments to contractors working on a public improvement project including those under M. S. Ch. 429;

(2) City approval of performance under development agreements, or other subdivision or site plan approval under M.S. Ch. 462.

The city shall reasonably determine the appropriate method of providing such information. Failure to provide prompt and accurate information on the service laterals installed may result in the revocation of the permit issued for the work or for future permits to the offending permittee or its

subcontractors.

' 93.35 LOCATION OF FACILITIES.

(A) *Compliance required.* Placement, location, and relocation of facilities must comply with applicable laws, and with Minn. Rules parts 7819.3100, 7819.5000 and 7819.5100, as they may be amended from time to time, to the extent the rules do not limit authority otherwise available to cities.

(B) *Corridors.* The city may assign specific corridors within the right-of-way, or any particular segment thereof as may be necessary, for each type of facilities that is or, pursuant to current technology, the city expects will someday be located within the right-of-way. All excavation, obstruction, or other permits issued by the city involving the installation or replacement of facilities shall designate the proper corridor for the facilities at issue.

(C) *Limitation of space.* To protect the health, safety, and welfare or when necessary to protect the right-of-way and its current use, the city shall have the power to prohibit or limit the placement of new or additional facilities within the right-of-way. In making those decisions, the Clerk, Utilities Superintendent or other person designated by the Council shall strive to the extent possible to accommodate all existing and potential users of the right-of-way, but shall be guided primarily by considerations of the public interest, the public's needs for the particular utility service, the condition of the right-of-way, the time of year with respect to essential utilities, the protection of existing facilities in the right-of-way, and future city plans for public improvements and development projects which have been determined to be in the public interest.

' 93.36 DAMAGE TO OTHER FACILITIES.

When the city does work in the right-of-way and finds it necessary to maintain, support, or move facilities to protect it, the Clerk, Utilities Superintendent or other person designated by the Council shall notify the local representative as early as is reasonably possible and placed as required. The costs associated therewith will be billed to that registrant and must be paid within 30 days from the date of billing. Each facility owner shall be responsible for the cost of repairing any facilities in the right-of-way which it or its facilities damages. Each facility owner shall be responsible for the cost of repairing any damage to the facilities of another registrant caused during the city's response to an emergency occasioned by that owner's facilities.

' 93.37 RIGHT-OF-WAY VACATION.

If the city vacates a right-of-way which contains the facilities of a registrant, the registrant's rights in the vacated right-of-way are governed by Minn. Rules part 7819.3200, as it may be amended from time to time.

' 93.38 INDEMNIFICATION AND LIABILITY.

By applying for and accepting a permit under this chapter, a permittee agrees to defend and indemnify the city in accordance with the provisions of Minn. Rules 7819.1250, as it may be amended from time to time.

' 93.39 ABANDONED FACILITIES; REMOVAL OF ABANDONED FACILITIES.

Any person who has abandoned facilities in any right-of-way shall remove them from that right-of-way if required in conjunction with other right-of-way repair, excavation, or construction, unless this requirement is waived by the Clerk, Utilities Superintendent or other person designated by the Council.

' 93.40 APPEAL.

A right-of-way user that has been denied registration; has been denied a permit; has had a permit revoked; believes that the fees imposed are invalid; or disputes a determination of the city regarding ' 93.34(B) of this chapter, may have the denial, revocation, or fee imposition reviewed, upon written request, by the City Council. The City Council shall act on a timely written request at its next regularly scheduled meeting. A decision by the City Council affirming the denial, revocation, or fee as imposition will be in writing and supported by written findings establishing the reasonableness of the decision.

' 93.41 RESERVATION OF REGULATORY AND POLICE POWERS.

A permittees or registrants rights are subject to the regulatory and police powers of the city to adopt and enforce general ordinances necessary to protect the health, safety and welfare of the public.
